WAR VETERAN KILLS HIMSELF

Today

They Should Not, But Do. Iron and Schools. Safer Fuel Wanted. You Notice Him.

By ARTHUR BRISBANE

(The opinions expressed in this column are strictly those of Mr. Brisbane and not necessarily in consonance with the policies of The Review-Tribune.)

HUMAN beings spend their time reading of things that should and would not happen, in real civilization. Five men are burned alive, trapped like rats, in a lodging house, known to be a fire trap. To make it safe would have cost money.

In one city three women are clubbed into insensibility, two girls badly beaten, two men stabbed, and in danger of death.

That is a small part of one day's crime record. Putting big type above such news fails to interest the crowd in it.

THE fact that so-called "fashionable" nineties crowd a restaurant in Paris, because it charges fifty francs a dozen for oysters, is more interesting.

Fools fighting boredom are more interesting than ordinary citizens fighting the well established nation-wide crime wave.

R. A. GRADY, secretary of Kiwanis club of Duluth, invites you to see the Western terminal of the Great Lakes to Ocean waterways, and the vast open pit mines that supply iron for all parts of the world.

Minnesota, its great mines, growing cities and able citizens should be visited by everybody. And Eastern cities, especially, that think they have fine public schools, should see the public schools of Minnesota.

To say that there are no finer in the world, is putting it mildly. New York has the money, but Western states, California, Minnesota and others, have the public schools. And those schools will transfer the balance of power, even as regards money, from the East to the West.

"THE gasoline tank exploded, and the men were burned to death."

That describes a flying fatality; which of the great industrial laboratories will develop a fuel to prevent such accidents?

Germans are making Diesel engines, light enough per horsepower for dirigibles. They are still too heavy for lighter-than-air planes, but additional improvement may overcome that, and in proportion to flying radius, their load of fuel is much lighter than the airplane's gasoline load.

RUSSELL SCOTT, murderer, hanged himself in a Chicago jail and science demands the right to examine his brain. Others hang, shoot, drown and poison themselves, without attracting attention.

BUT Michel Billie, coal miner and widower, in Pennsylvania, compels attention.

He sat in his little parlor, tied two sticks of dynamite to his head, one on either side, set them off and blew his head and parlor out of shape.

Why should that interest as more than the lovelorn girl swallowing iodine, or the ruined stock gambler jumping from the hotel window. It does interest us more.

DR. CAMPBELL, able astronomer, calls our earth, with its many fine-point in the universe of countless spheres, and adds it would be unthinkable that our world is the only planet that supports life.

MRS. PATTON, 75, DIES SUDDENLY

Woman Stricken With Heart Disease in Her Home.

Mrs. Nancy Jane Patton, 75, died suddenly of heart disease early in her home, 730 St. Clair avenue, Mr. A. J. Michaels was summoned, but she died before his arrival.

Mrs. Patton, who resided in East Liverpool for 25 years, is survived by one daughter, Blanche, at home, and one brother, C. L. Newton, of Cleveland. She was a member of the First Church of Christ.

Services will be held in the Miller funeral home, West Sixth street, at 1 o'clock Saturday afternoon, after which the body will be taken to the Fairfield church where services will be conducted by Rev. B. R. Johnson. Burial will be made in Fairfield cemetery.

Friends may view the body Thursday and Friday evenings in the Miller funeral parlors.

GIRL FLYER BATTLES FOG

Ruth Elder, Daring Aviatix, 1,000 Miles Out On Ocean Flight

NO NAVAL SHIPS SIGHT PLANE

WASHINGTON, Oct. 12.—The navy radio office declared at 7 o'clock today that no ships at sea had reported to it on the progress of the trans-Atlantic flight of Miss Ruth Elder.

Weather reports indicated that conditions over the ocean were good for the flight.

WIND WRECKS 20 DWELLINGS IN DELL, ARK.

Occupants Trapped Under Debris in Storm Area.

VILLAGE SWEEPED

Fire Breaks Out, But is Checked by Rainfall.

BLITHEVILLE, Oct. 12.—Five dead and 18 injured was the toll of life taken early today by a severe storm which whipped through the village of Dell, eight miles from here.

Early reports of 10 to 20 dead were based on estimates by Cobb Brothers, undertakers, who were busy most of the night bringing the dead and injured over rain-soaked roads to the local hospital. Very little damage was done in Blitheville.

The known dead are:

Justice of the Peace J. P. Williams and wife.

E. M. Hardin and wife.

An unidentified boy, aged about 12, who died in the hospital.

The storm struck this section of Arkansas shortly after midnight, but seemed to center its fury on the little village of Dell. About 20 houses were either wrecked or partly damaged by the storm. Fire broke out but this was checked by the heavy rainfall.

"EAGLE'S PRIDE" WINS CLASSIC

NEWMARKET, England, Oct. 12.—"Eagle's Pride," today won the Cesarewitch, the last of the flat racing classics of the present season.

"St. Reynard" was second and "Nevermore" came in third.

"Eagle's Pride" paid nine to one to win; "St. Reynard," two to one to place, and "Nevermore" 12 1/2 to one to show.

BURT KAUFMAN SERIOUSLY ILL

Burt Kaufman, Altman building insurance dealer, is confined to his home in Fairmont street, suffering from an attack of influenza and heart trouble.

\$3,000,000 FIRE SWEEPS TWO HOTELS AND 40 STORES AT OCEAN CITY, N. J.

Match Carelessly Thrown Into Pile of Rubbish Blamed for Dastardly Blaze.

OCEAN CITY, N. J., Oct. 12.—A \$3,000,000 fire which swept the Boardwalk of this resort last night, destroying two hotels, 40 stores and other buildings, was brought under control early today.

The fire was the most disastrous blaze in the city's history. Police believe it was started when a lighted match or cigarette was carelessly thrown into a pile of rubbish alongside the Boardwalk.

Monoplane, "American Girl," Attempting to Bridge Atlantic by Air, Believed in Area of Storms.

"BUS" BELIEVED HALF WAY ACROSS

No Reports From Woman and Capt. Haldeman, Her Navigator, Since Craft Was Sighted Last Night.

NEW YORK, Oct. 12.—Roaring through the clouds in a new attempt to bridge 3,600 miles of ocean by air, the monoplane "American Girl," carrying Miss Ruth Elder and Captain George Haldeman on a flight to Paris, is believed today to have entered the low pressure area of storms and fogs 1,000 miles east of Newfoundland. This ocean hop is the longest sustained flight across the water ever attempted.

Sighted Last Night. The plane, unreported since it was sighted at 10:35 o'clock last night by the liner American Banker of American Merchant Marine, should have reached the half-way mark across the ocean at 11 a. m. If the flyers have thus far successfully eluded the nemesis which has claimed the lives of so many trans-Atlantic aviators.

The area of low pressure constitutes the most difficult part of the voyage, in the opinion of meteorological experts. There are sudden winds which whip the ocean into a fury, dense blankets of fogs, and continual squalls of rain and snow.

If the "American Girl" passes safely through this area, it is believed the flyers' chances of success are excellent.

Through this area and beyond are the lanes of the trans-Atlantic steamers, and 25 vessels are strung out at intervals of a few hundred miles all the way across.

Due in Paris Tomorrow. It is regarded as unlikely that the plane will be sighted while it is in bat-

Continued on Page 8, Column 1.

TWO MEN FINED FOR FIGHTING

Herbert Hebron and Pash Carmona were fined \$10 and costs each by Municipal Judge J. C. Hanley today after being found guilty of disorderly conduct by fighting. Chris Annis, proprietor of the National pool room, East Sixth street, arrested on a like count, was dismissed.

According to Patrolman Leslie Curran, who made the arrests, Hebron and Carmona were creating a disturbance in the pool room last night when Annis intervened.

A charge of parking on the sidewalk filed against Lester Krieger, Dresden avenue, was dismissed by Judge Hanley.

MRS. J. E. BLAKE, AGED 31, DIES

Mrs. Genevieve Blake, 31, wife of James E. Blake, died today in her home, 925 Orchard Grove avenue, after an illness of a complication of diseases.

Mrs. Blake was a lifelong resident of East Liverpool and a member of the First Methodist Protestant church.

Besides her husband she leaves one son, James; her parents, Mr. and Mrs. N. H. McKee; one brother, Howard McKee, of Cleveland; one sister, Lena McKee; two half brothers, John Flake, Parkersburg, W. Va., and Emmett Flake, East Liverpool, and two half sisters, Mrs. Glen Smith, Huntington, W. Va., and Carrie Blake, Chicago, Ill.

Funeral services will be held in the home Friday afternoon at 2 o'clock, in charge of Rev. J. F. Dimit, assisted by Rev. C. B. Conk, pastor of the Orchard Grove Avenue Methodist Episcopal church. Burial will be made in Riverview cemetery.

Friends may view the body tomorrow evening from 7 to 9 o'clock.

AMPHIBIAN PLANE READY FOR ATLANTIC HOP

Here is "The Dawn," Mrs. Frances W. Grayson, giant Sikorsky amphibian plane, awaiting favorable weather for the take-off on an attempted trans-Atlantic flight from Old Orchard, Me., to Denmark. Miss Grayson is shown in the inset.

WOMAN FLYER DEFERS START FOR DENMARK

Mrs. Frances Grayson Postpones Ocean Hop Until Afternoon.

PLANE IS LOADED

"The Dawn" Ready for Take-Off From Old Orchard.

OLD ORCHARD BEACH, Me., Oct. 12.—Preparations were being rushed here this noon by Mrs. Frances Wilson Grayson for the jump to Copenhagen aboard the airplane "Dawn."

Mechanics placed aboard the "Dawn" 850 gallons of special petrol brought here by motor truck from Mineola, N. Y. The two Wright whirlwind motors were cleaned and tested. Fine beach sand had collected on the wires of "The Dawn." This was removed and all parts of the handsome "ship" were washed with gasoline. The cabin was cleaned out with a vacuum cleaner and all parts needing grease were looked after.

"It looks like we will take off between 5 and 6 o'clock this afternoon," said the plucky aviatix.

Final test flights and favorable weather reports received by Mrs. Grayson and her pilot, Wilmer L. Stultz and Navigator Bruce Goldsborough convinced them that the time had come for the long hop to Denmark.

Big holiday crowds watched the fueling of "The Dawn" in front of Harry Jones' hangar.

Mrs. Grayson did not appear to be surprised at the news that Miss Elder had taken to the air first. She said her goal and purpose was different from that of Miss Elder's and that she did not wish to enter any transatlantic race.

She wished Miss Elder all the luck in the world.

REED ASSAILS G. O. P. POLICIES

SEDALIA, Mo., Oct. 12.—Assailing the Harding and Coolidge administrations and all the Republican policies, Senator James A. Reed of Missouri addressed a state-wide meeting of Democrats here this afternoon.

STEBENVILLE PRESBYTERY OF U. P. CHURCH ENDORSES MARSHALL BILL

Resignations of Rev. R. W. Ustick and Rev. W. J. McKnight Accepted at Glade Run Meet.

Delegates to the fall session of the Steubenville Presbytery of the United Presbyterian church, meeting in the Glade Run United Presbyterian church yesterday, endorsed the Marshall bill, which will be subject to a referendum vote at the November 8 election, and urged ministers to bring the issue to the attention of their respective congregations.

A majority of the pastors spoke on the proposed legislation which places village mayors and justices of the peace on a salary basis.

CLOSE EXCHANGE ON COLUMBUS DAY

NEW YORK, Oct. 12.—All financial institutions in New York state, as well as a majority of those throughout the nation, were closed today in observance of Columbus Day.

Among those institutions closed in this state were the banks, the New York Stock Exchange, New York Curb Market, New York Cotton Exchange and the Produce Exchange also were closed.

The Duluth and Minneapolis wheat markets remained open, however.

COLUMBUS DAY IS OBSERVED

Flags Displayed, Banks Closed—K. of C. Party Tonight.

Flags were displayed in many sections of the city today in observance of Columbus day.

All banks in East Liverpool and the county court house at Lisbon were closed, as the day is a legal holiday in Ohio.

Members of Carroll council No. 509, Knights of Columbus, and their ladies will give a Discovery Day party in the K. of C. hall room and parlors, Ingram building, Diamond, at 8:30 o'clock tonight. Sayre's Premier Syncopators will be in charge of the music. Bridge, 500 and euchre also will be diversions. Refreshments will be served by Caterer Hoadley Morrow.

NEW YORK, Oct. 12.—The Columbus Day holiday has been officially recognized by 34 states, in all of which public business is suspended today. The principal markets and banking institutions are closed and the most of the retail stores display the padlock for a portion of the day.

REED ASSAILS G. O. P. POLICIES

SEDALIA, Mo., Oct. 12.—Assailing the Harding and Coolidge administrations and all the Republican policies, Senator James A. Reed of Missouri addressed a state-wide meeting of Democrats here this afternoon.

STEBENVILLE PRESBYTERY OF U. P. CHURCH ENDORSES MARSHALL BILL

A majority of the pastors spoke on the proposed legislation which places village mayors and justices of the peace on a salary basis.

\$7,000 BLAZE DESTROYS HOME OF C. B. PEASE

Authorities Investigate Fire at Mineral Springs Park.

CAUSE UNKNOWN

Bucket Brigade Only Means of Fighting Flames.

Hancock county officials today are investigating the cause of the fire which yesterday destroyed the two-story frame residence of C. B. Pease in Mineral Springs park, near Pugh-town. The loss is estimated at \$7,000.

The blaze, it was said, originated in the lower part of the house. Members of the family who were asleep on the second floor escaped, but saved none of their belongings.

Owing to the fact that no means except a bucket brigade were at hand to fight the blaze, the flames spread rapidly and soon the structure was razed.

Mr. Pease purchased the park property about a year ago.

STUDENT STABBED IN BERE A CLASH

BEREA, O., Oct. 12.—Anthony Pamer, 23, of Akron, a student at Baldwin-Wallace college here, was in a hospital today with knife wounds in his side, which are not believed serious.

Pamer told police that he was attacked by a band of youths last night while walking with Miss Mary Urich, 19, of Detroit, also a student, on the college campus. Miss Urich screamed and Pamer's assailants fled. He believes that they mistook him for another student against whom they bore a grudge.

Tariff Dispute Near Settlement.

PARIS, Oct. 12.—A large section of the French press today hailed the latest American tariff note as likely to lead to a satisfactory agreement between France and the United States upon import duties.

J. C. KNOWLES QUILTS K. T. K.

Traveling Representative Resigns After 34 Years' Service.

After 34 years' service, J. C. Knowles, traveling representative for the Knowles, Taylor & Knowles company, today resigned.

Knowles entered the employment of the company when he was 16 years of age, starting in the warehouse. For several years he was in charge of the stock, shipping and production departments and then was appointed plant superintendent, a place held for eight years.

Four years ago he joined the sales staff, covering western territory. He has made no plans for the future, but announced today that he would likely establish a connection with another plant in the East Liverpool district.

SHELL-SHOCKED FARMER BLOWS HEAD OFF AT MECHANICSTOWN

George Brothers, 32, Melancholy, Ends His Life.

USES SHOTGUN

Wife Finds Body in Home of Her Father-in-law.

Brooding over ill health, George Brothers, 32, farmer and shell-shocked World war veteran, committed suicide by shooting himself at the home of his father, Frank Brothers, Mechanicstown, near Salineville, shortly before 4 o'clock yesterday afternoon.

Placing the muzzle of his father's shotgun in his mouth, he pulled the trigger, the charge virtually tearing his head off. His body was found a little later by his wife, who had instituted a search.

Brothers had been working in a corn field on his own place before he went to his father's home, on an adjoining farm. His wife went to the corn field to give her husband medicine and failing to locate him hurried to her father-in-law's home. None of the elder Brothers' family was at home at the time of the tragedy.

The victim is the father of four children, the eldest of whom is said to be aged five.

LINE UP AGAINST SMITH AND VARE

WASHINGTON, Oct. 12.—An inquiry, following reports that Senators-Elect Frank L. Smith, of Illinois, and William S. Vare, of Pennsylvania, would be seated by the new senate without a battle, today revealed an unbroken line of opposition in the ranks of the old Democratic-Insurgent coalition, which dominates the upper branch of congress.

Both Smith and Vare will be barred by the senate when they seek their oaths of office, the coalition leaders declared, or the senate will show the greatest and most unexpected reversal in all history. At present indications, these leaders averred, Smith will be excluded by an even greater majority than barred him from the Sixty-ninth congress while Vare will be denied a seat by a margin of at least 15 votes.

EARL CARROLL SEEKS PAROLE

WASHINGTON, Oct. 12.—The parole board will convene at Atlanta tomorrow to consider the parole application of Earl Carroll, theatrical producer now serving a penitentiary sentence for perjury, the department of justice announced today.

A. H. Carter, federal superintendent of prisons and a member of the board is leaving Washington for Atlanta today. He, the prison warden and physician comprise the board.

J. C. KNOWLES QUILTS K. T. K.

Traveling Representative Resigns After 34 Years' Service.

After 34 years' service, J. C. Knowles, traveling representative for the Knowles, Taylor & Knowles company, today resigned.

Knowles entered the employment of the company when he was 16 years of age, starting in the warehouse. For several years he was in charge of the stock, shipping and production departments and then was appointed plant superintendent, a place held for eight years.

Four years ago he joined the sales staff, covering western territory. He has made no plans for the future, but announced today that he would likely establish a connection with another plant in the East Liverpool district.

Frank Nicholas Mentres and Melba Marie Bowser, Youngstown.

Roller Glenn Anderson, Damascus; Margaret Estella Cesana, Rosemont.

Edgar William Offenberg and Lillian Margaret Brand, Paris, O.

Harry Martin Donaldson, Washington, Pa.; Cora Opal Martin, Vanant, Pa.

Hubert Powers and Elizabeth Flinn, East Liverpool.

Jack Curtis Leslie and Sara Griffith Edwards, Youngstown.

John Henry Clay, Bayard; Lula May Tressel, Cuyahoga Falls.

Charles Frederick Dressel and Ruth Mabel Callahan, Salem.

Harry Edwin Foster and Clarabelle Groves, East Liverpool.

Paul J. Miller, Salem; Nellie May Groves, Lisbon.

Longinus Kaliszewski, Kent; Olive May Estinger, Brady Lake.

James Robert Crawford, Niles; Alice Lu Chapp, Fostoria.

Lester Roy Donore, Georgetown, R. I.; Katie Effie Ogden, Racine, O.

BUSINESS MEN TO HOLD MEET

Members of the Chester Business Men's association will meet at 7:30 tomorrow night in the Stewart building, Third street and Carolina avenue.

Number of important matters will be considered including the proposed merger of the association and the Chester Boosters' club.

Attending Conference. Rev. R. C. Ehrhart, pastor of the First Methodist Episcopal church, is attending the annual conference which opened today in McKeesport, Pa. He will return home next Monday.

Crowd Attends Revival. Large crowd attended the revival meeting last night in the First Nazarene church. The sermon was delivered by Rev. W. O. Nease, of Sioux City, Iowa. Meetings will continue for the remainder of the week.

Injured Muckies Improve. NEW CONCORD—Fox and Shane, tackles, who received minor injuries in the Kenyon game last Saturday, will be back in the Muskingum lineup Saturday against Capital. Their sore ankles and knees are on the mend and they will return to practice by Thursday.

JOHN GILBERT IN "BIG PARADE"

Buck Private Real Lover in Picture at American.

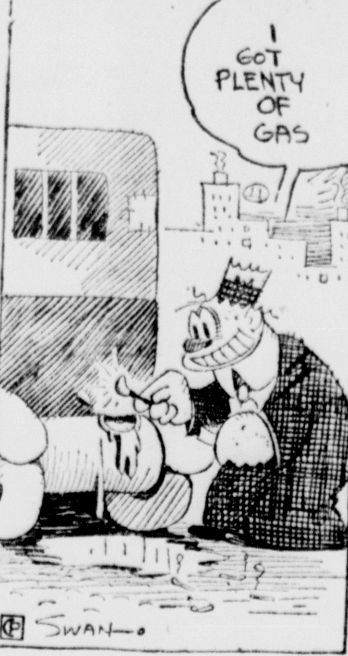

John Gilbert has added new laurels to his reputation by his deft and richly human enactment of Jim Apperson in "The Big Parade," now at the American theatre.

What a buck private! And what a lover! Those who see this wonderful doughboy woo the temperamental Melisande—see him go over the top after his fallen buddy, and watch the discomfiture when the girl's lamed soldier boy limps back over the hill after the "big show"—spectators forgot entirely that it is acting and think only of him as a vitally real flesh-and-blood character.

Few assumptions of stage or screen have this power to take us out of ourselves. John Gilbert's Jim is one of them. As unforgettable as the "little Colonel" in "The Birth of a Nation," as Anna in "Way Down East," and as Scout Jackson in "The Covered Wagon."

"I like playing Jim," said John Gilbert in beginning the new role, "because it gives me a chance to be nothing different from the millions that were in the uniform in France and in the training camps here. The reality in it makes it a delight to work."

NONSENSE

bert in beginning the new role, "because it gives me a chance to be nothing different from the millions that were in the uniform in France and in the training camps here. The reality in it makes it a delight to work."

Floods have been causing damage to crops and railways in Australia.

Itching Torture

Use Zemo, Healing Liquid

Re-New Your Home With New Curtains

Fall is here: time to fix up the house for the winter.

Start with new curtains which do more to smarten up the house than anything else you can buy for the money—they dress up the room inside, freshen up the whole house from outside.

You will get many seasons of satisfaction out of Quaker Curtains and Nets because they are made of long-staple threads, in a non-slipping three-thread construction and designed by the world's best artists.

The Modern American Home—whether house or apartment usually calls for fresh, transparent net curtains at the windows. We show the latest styles.

Amerex Net Curtains

Quaker Amerex Net is the finest of all curtain materials. Yet sheer and dainty as it is it stays beautiful through many seasons of daily use.

Fashion Favors Filets

There is a clean crispness to a well designed filet curtain that nothing else can supply. Our new line of Quaker Filets will give you fashion's latest dictates in a curtain of unequalled quality.

Quaker Shantung Net Curtains

Perhaps no other basic net has quite the dignity and the soft-flowing hanging qualities of Quaker Shantung Net. If you are not familiar with it be sure to ask to see it before you buy new curtains.

Quaker Curtains—as for variety . . . everything any home demands in patterns by the world's best designers. Priced from \$2.50 to \$16.50 the pair.

tain. In many designs by the pair or the yard.

—that Correct Feminine Touch

The modern home has a dual nature—masculine in facade; feminine in interior. The new Quaker Bon Volant Curtains harmonize these dual needs. The soft-flounced border gives the sired touch of the feminine to the interior decorations; the simple Quaker Net maintains the rugged architectural ensemble.

Sheer Shadow Lace Curtains

Here are curtains that give you the distinction of artistic design in a net so sheer it seems a veritable veiling. Will they wear? Certainly. All Quaker Curtains are famous for that quality.

For Homes Adapted From the Spanish—curtains of big-meshed rugged nets such as Quaker Tuscan Net or Doris Net are generally preferred.

Sally's Shoulders

by BEATRICE BURTON, Author of "HER MAN," "HONEY LOU," "THE HOLLYWOOD GIRL," ETC.

Chapter XXX.
For just a half-minute Sally was too stunned to move or to think. Then her brain cleared in a flash, and began to work quickly and surely, as it always did.
She phoned for a taxicab, scribbled a few lines to let Mr. Peevey know where she had gone, picked up her hat and purse, and went down stairs to wait for her cab.
Five minutes after her mother's

message she was on her way home, gazing out of the cab windows at the familiar streets with eyes that saw nothing. The ride was a nightmare while it lasted.

All her life seemed suddenly to have narrowed down to one single terror—the fear that Millie was dead or dying. "It's my fault," she kept telling herself. "I should have had the doctor last night whether she wanted him or not. . . . I should have known that

that sleep she was in wasn't a natural sleep. . . . It's all my fault."

She prayed with stiff lips. She felt that there was nothing on earth she wouldn't do for Millie if only God would spare her now. . . . She would give her up to John Nye and never think of John Nye again. . . . What did anything or anybody matter now that Millie was at death's door?

For Sally never doubted that Millie was there, and she was cold and shaking with fear as she went up the stairs to the flat.

Half way up she heard the door above her open, and Mrs. Jerome's heavy footsteps on the landing.

"That you, Sally?" And then she was sobbing on Sally's shoulder. "Millie—Millie's got to go to the hospital! She's got to be—operated on—"

Crying like a child and clinging to Sally with her large, soft hands, she followed her into the flat.

Ted Sloan's red-headed mother stood in the center of the living room floor, holding Mrs. Jerome's coat and her hat and her high-laced shoes.

"I've been trying to get her into her clothes for the last half hour," she appealed to Sally. "And I can't do it. You hold her and I'll try to get her arms into this coat."

Between them they got Mrs. Jerome dressed and into a chair, and then Sally flew out to the bedroom where Millie lay.

She lay on the bed with her eyes closed and her little drooping mouth half open. There was no "Chinese black on her eyebrows and lashes, and her unruined face had a gray, drawn look. She was no beauty now.

Sally took up one of the hot little hands in her own hands, and laid her cheek down against Millie's colorless cheek.

"Dear, I just won't let anything happen to you!" she whispered, tears pricking their way along her eyelids and a lump rising in her throat.

To her astonishment Millie answered her. She had thought she was unconscious, but the blue eyes opened and she droned out a question in a slow, drowsy voice:

"Does an appendicitis operation cost a lot?"

"Now don't you worry about that," answered Sally, fiercely. "We'll take care of that. Then the lump in her throat choked her again and made her stop talking.

Outside in the street there came the clang of an ambulance bell.

"If you need any money, ask John Nye for it," Millie's voice ran on monotonously. "He'll lend you anything—for me."

Mrs. Sloan came bustling into the room. "The ambulance is here," she said, all importance. "Here, Sally, wrap that blanket around her when the men pick her up."

But Millie shook her head. "My pink bathrobe," she gasped, wincing as the white-uniformed doctor slipped his arm under her. Her vanity never deserted her, even in her hour of danger and agony.

The last glimpse Sally had of her showed her pulling her soft yellow hair into little tendrils over her forehead, which was too high.

The table in the waiting room at the hospital was covered with magazines. But neither Mrs. Jerome nor Sally

picked them up to look at them.

They sat there, staring at the pale-green painted walls, at the canary in its cage by the window, at the photograph of the nurses' class of 1917, at each other's solemn, unhappy faces.

"Did you telephone Beau and Mabel?" Sally whispered. The deadly quiet of the room and the hall outside the room subdued her.

Mrs. Jerome made a disgusted face. "Why should I call them?" she wanted to know. "They don't care anything about anyone but themselves—"

and racing around in that ramshackle car that's painted up like the Fire Department. I wish I had that hundred dollars back from them that I promised to poor Millie."

She had given them the hundred dollars of her own free will, but now that Millie was sick she couldn't forgive them for taking it.

"I'll try to get Beau at the bank," said Sally, starting up from her chair. "He ought to be here." But Mrs. Jerome pushed her down again with a silk-gloved hand.

"I did try to get him when I phoned your Aunt Emily, but he wasn't there," she confessed. "I suppose he's helping that little china doll of his move into the flat they've taken. He's forgotten that he ever had a family—"

And with that she burst into tears once more. Beau was the apple of his mother's eye and she never was going to forgive him for marrying Mabel Wilmot. And Sally knew that it would have been the same, no matter what girl Beau had married.

"Why, Mother, he was at the house last night to show us his car," she reminded her mother, gently. "Don't you remember? He and Mabel had steak sandwiches out in the kitchen."

But Mrs. Jerome refused to be comforted.

"Somebody'd better telegraph your papa," she said suddenly, with a sniff. "After all, Millie's his child and he ought to be made to pay for this operation—and if Millie's going to die he'd better be here anyway. I'll wire him myself when I get home."

A nurse came into the room. "Miss Jerome's out of the operating room and she's still unconscious," she said, looking grave and pleasant at the same time, as nurses manage to look.

"Dr. Ambleside is sure she's going to get along all right, but he'd rather not see her this afternoon. So if you'd like to go—" She held open the door that led into the white-walled hallway.

"We'll telephone you if there's any change," she added in that same half-cheerful way, and went rustling down the hall with her stiff white skirts rustling like autumn leaves in the wind and her rubber heels making no sound on the cork-covered floor.

All the way home Mrs. Jerome scolded because she had not been allowed to see her own daughter, and because Dr. Ambleside himself had not come down to the waiting room to tell them that Millie had come through the operation safely.

(Continued on Page Fourteen)

Your Doctor will Tell You How To Correct Constipation

There IS a way of overcoming the tendency to constipation. And here is how you can PROVE it.

The next time your bowels need any assistance, don't take the first laxative that comes to mind. Take one the druggist can assure you is made with CASCARETS. Just as effective as using force, and it's good for the system. Indeed, it helps make good blood. For cascara is nothing but the bark of a tree. The Indian's chew this bark, and live to an old age without a day's sickness.

What happens when you cascarse the bowels? They will usually function well for SEVERAL DAYS. One more dose—no larger, and perhaps smaller than the first—and the bowels function of their own accord for a still

longer time. Until you don't feel the need of any aid of any sort for weeks-on-end.

So the only habit you get from cascara is that of natural and normal regularity. How different from things one must usually repeat on the morrow! Cascara is the real laxative; and the familiar little candy cascaret is doubtless its ideal form. Children beg for these tasty tablets, and many men and women wouldn't think of taking ANYTHING else for the purpose. And EVERY drugstore has them.

CASCARETS
They Work While You Sleep!

As tough as varnish
As beautiful as enamel . .
—but dry in 30 minutes

DEVOE Brushing Lacquer is amazing in more ways than one! It is as tough as a varnish; as beautiful as an enamel. But instead of taking hours to dry, it actually dries hard in 30 minutes! Think what this means: you can lacquer a chair with Devoe and sit down safely on it in half an hour; refinish a floor and walk across it 30 minutes later; decorate things without taking them out of service for more than half an hour.

EAST LIVERPOOL—AMERICA'S POTTERY CENTER

WEDNESDAY, OCTOBER 12, 1927.

Saving The Taxpayers' Money

Complying with the provisions of the state law, Mayor Ralph C. Benedum today appointed committees to draft pro and con arguments in the referendum on the councilmanic ordinance prohibiting the sale and discharge of fireworks within the city limits, one of the proposals on the ballot for the regular election on Tuesday, November 8.

And while the city's chieftain has carried out the statutory requirement, both sides of the fireworks question have waived the printing and mailing of the arguments, thus saving the city probably \$300 or more.

This was a sensible move, for it is a foregone conclusion that few, if any, voters read campaign literature of this nature. In any event, the arguments have little bearing on the decision of the electorate, for as a rule most voters know how they wish to pass upon any city or state issue long before Uncle Sam's nail men are burdened with the task of delivering the pamphlets.

East Liverpool has set an example that might well be emulated by other municipalities as well as the state.

The Kindly City

A retired railroad engineer, visiting New York with his wife on a "second honeymoon," ventured away from his hotel alone and got lost. He could not remember the name of the hotel nor where it was. Finally he appealed to the police.

The old man was promptly turned over to a patrolman who armed himself with a list of hotels, commandeered a police car, and started around on the rather aimless quest. For three hours he kept it up, visiting hotel after hotel, taking the bewildered visitor into the office to see whether he was registered there. Finally they landed in a hotel where the clerk assured the engineer that he belonged, and he was reunited to his wife.

Big cities are usually thought of as indifferent and even cruel. They are usually just as kindly as little cities, when it comes to a real test. How many towns possessing only half a dozen hotels instead of hundreds would have shown a stranger so much courtesy?

Tourist Marketing

A Canadian newspaper remarks, with considerable satisfaction, that the third largest industry in that country is the "tourist industry," and its gross receipts are second only in volume to those from agricultural and forest products. In 1926 foreign automobile tourists—nearly all Americans—spent more than \$200,000,000 there, and the amount is much greater this year.

So that's what our people are when they drive across the border—raw material for an "industry." But it's just the same if they drive around in their own country. The biggest tourist industry in the world is right here at home. And here, as in Canada, sometimes the home people fail to get their rightful share of the profits.

"The large cities," say the Canadian paper, "are alive to the importance of the industry, and tradesmen are on the alert to secure as great a portion as possible of the money which the visitors are determined upon spending. Some of the smaller communities which are suffering a loss of general prosperity from the competition of other centers might well take into consideration the question of obtaining a larger share of tourist trade by catering especially to the needs of visitors. Many a small town or village which can never hope to become a big commercial center has scenic and other features which, if properly made known, would make a strong appeal to the visitor."

Our small towns for a while were threatened with ruin from losing their accustomed business to the big cities, after the automobile made it easy for local patrons to go and buy at a distance. But the same travel facilities that took customers away may also bring customers from afar, in greater numbers.

Right here may be revealed a trade secret which many small towns do not seem to know. It isn't plastering a town all over with ugly posters and sticking a gas station on every corner that attracts tourists and gathers in their money. It's making the town pleasant to look upon, so that the casual visitor wants to stop there.

Cows in Flying Fields

Communities that have landing fields and want to attract flyers have got to keep out the cows. That is the warning offered by the situation at St. Paul, where trespassing cows have created an acute situation and precipitated some law suits.

The cows are not sincerely interested in aviation. They seem merely to lack judgment and discrimination. The pastures in which they are supposed to find sustenance adjoin the St. Paul municipal landing field. The cows, in their simple bovine way, disregard fences and other things and wander out onto the flying field. There they immediately become a real menace. Every motorist who has met cows on the road knows how that is. Aviators have to circle about many times trying to make a safe landing without wrecking their planes or carving the cows into steaks and pot roasts. It causes loss of time and inconvenience to air mail pilots and others and endangers life.

Cow catchers on the front of airplanes might help, but stouter fences would be better. At present there is no useful relation between cows and airplanes.

It isn't fair, starting schools to teach broadcasting. There's too much telling the world now.

Willie's Thoughts—

WHEN MOTHER TOLD HIM THE COST OF THE NEW VIOLIN WITH WHICH HE IS TO START HIS MUSIC LESSONS.

NEW YORK, Oct. 12.—With Bowery

thoughts going patent leather, most of the picturesque names have disappeared. When the famous Bowery Boys were slugging and eyegouging their way to power, there were such figures as Slops Comolly, Baboon Brady, Googy Corcoran and Wildcat Lyons.

In a speakeasy knife affray recently three of the participants were listed as Clarence Farrell, Solomon de Bries and Davis Barclay—names that might have been taken from a Michael Arlin paragraph of Mayfair. All wore silk socks and silk underwear.

The Bowery girls, too, have undergone a complete metamorphosis. The popular picture of the gam-chewing gal in a plaid skirt, sweater blouse and a dinky hat cocked over one eye is merely apocryphal. They may accent the rouge and blonde, but their clothes are not dowdy.

They are not far behind their sisters of Broadway in style. In the good old days the Bowery girls fought along with their men, Lizzie the Dove, Bunty Kate, Gold Tooth Dora and Ma the Monk were celebrated for their ability to smack down the toughest of the famous Whyo gang.

Then there was that human leopards, Hell Cat Maggie, who actually had her teeth filed to sharp fangs and her nails bulwarked with brass claws. She went into battle with rousing whoops and many Boweryites carried eyecosts and facial grooves to their graves.

The new Bowery tough rarely runs in packs. He is the lone wolf with a pistol silencer. He does not gloat over an eye or chew off an ear and does he tell his victim with a fist blow and stamp him with hotheaded boots. He has finesse.

To old Bowery gangster thirsted for blood alone. He was not particularly interested in loot. He was content to have a little small change for "third rail" whiskey. The new type wants to sport diamonds and ride in automobiles.

Scarcely a night passed in the old Bowery concert hall days without a half dozen or so patrons "drawing a blank." This oblivion was brought about with knockout drops slipped into glasses of beer. And victims awakened to the morning sun in alleys rolled for their wad. The "knockout" drops in those unregenerate days left only a stiff headache and a firm resolve to be a better boy.

In those days The Alligator, The Doctor's, and other houses flourished. In The Alligator a huge glass of beer

Abe Martin Says:

How'er we ever goin' t' learn how t' fly across our oceans if we don't practice? Necessity is th' mother of invention an' th' energine cigar lighter is th' black sheep of th' family.

with two straws was cervel for a nickel. Two could participate and beer through a straw was supposed to give him a heftier wallop. Then there were the "hose houses." Here the patron paid a nickel, stuck the end of a hose in his mouth and could drink until he stopped for breath. Then the supply was pinched off by the barkeep.

The Bowery's cheap liquor was far worse than bootleg stuff today. It was a common occurrence for some derelict to rush out of a dive and run amuck through the streets slashing pedestrians. Sometimes it would be necessary to stone and club him into submission before carrying him off to a straight jacket.

In those rough and tumble days a Bowery slagger ruled his block by fistic prowess. He didn't ask much—just free meals and drinks. He got them without question and in return would keep ruffians from terrorizing tradesmen.

The toughest of all the old Bowery gangs was the Whyos who won their name from the wild battle cry, a long plaintive "Why-o-ooo!" that had the chill of a coyote scream across the plain. When the cry was sounded the Whyos with derricks, wheel spokes and hand-made eye gougers were out for real blood.

HASKIN'S LETTER

By FREDERIC J. HASKIN

Where Industry Has Gained.

WASHINGTON, D. C., Oct. 12.—As index numbers are used so frequently in any discussion of production, it may be well to explain just what an index number is. Briefly, it is a yardstick with which to measure differences in volume in either direction. It is a starting point.

A given year, regarded as normal for the country under consideration, is given the index number 100. Take cheese, for example. If five million cheeses are manufactured in any given territory for which the statistics are stated during the year selected as typical, those five million cheeses represent the index number 100. If production in a decade—or any period of years—should increase by one million, then the index number would become 120, showing an increase of one-fifth over the basic year. Accordingly if the production should drop off by half the index number would be 50.

In the story of how the first quarter of the twentieth century has added so tremendously to American wealth, the record growth of an index number is that for automobiles and its immensity suggests it is almost a record index number for all time. Taking 1899—that is, really the end of that year and actually the beginning of 1900 as 100—we find that automobiles have reached the astounding index number of 151,950. In that industry the index number reached at the end of the first quarter of the twentieth century for the number of workers employed was 19,128. The horse power number for the industry was 37,174; that is, the horse power employed in manufacturing the cars, not of the cars themselves.

The automobile was so much in its infancy in 1900 that perhaps a fairer comparison would be to take 1919 as the basic year representing 100. Even so, merely counting the gain from that time, 1925 shows an index number of 364 as to output, 124 as to workers engaged, and 217 as to horse power utilized.

They Burn 'Em Up. Another amazing increase but in an industry well established in 1900 is shown by the cigarette. This indus-

try shows for 1925 an index number of 2,128. Gasoline, cement, canning, and ice manufacturing are other industries showing tremendous gains.

It will be noted that these increases have especial human interest. While trucks are included in the great increase in automobiles, the preponderance rests with pleasure cars. Cigarettes are a luxury and much of the increase doubtless is due to the fact that the practice of cigarette smoking by women is wholly a product of the first quarter of the twentieth century. The gasoline increase, obviously, goes along with the gain in automobiles. The cement increase is caused by the increased building operations and the new uses of that commodity in construction. Canning makes housekeeping easier and ice makes life more pleasant. There also is a big increase in the use of silk, the 1925 index number being 442. The silk stocking, a comparative rarity at the beginning of the century, is responsible for that.

It will be seen that these great increases have been in the line of luxury. To be sure, these goods are regarded as necessities nowadays, but a quarter of a century ago cigarettes and silk stockings were decidedly luxuries. The people seem to have taken out their dividends from increased national productivity in the form of additional comforts in living. While the more workaday commodities show increase, they are not of the sensational variety shown by the luxuries.

Now there is some question in the minds of industrial leaders as to whether or not the great manufacturing plants are over-expanding. With easy credit, good markets, and good prices, the temptation to expand is strong. It was found that the industries which served the needs of war and also the demands of a people receiving exceptionally high wages as the result of the war, discovered after the Armistice that they had really over-expanded, and serious losses ensued. If, however, prices remain steady, employment is uniform, and the nation keeps clear of pronounced booms and depressions, it is the general opinion that the growing population will continue to absorb the output of the great factories.

The Machine Makes Gains.

An outstanding fact which may be gleaned from the survey is that there is an accelerating trend toward the mechanization of as many forms of production as lend themselves to the process. For example, the making of candy, always heretofore, a hand industry, shows an index number for 1925 as to horse power employed of 1,535. This included ice cream. At the same time mechanization of chocolate and cocoa products shows for 1925 a horse power index number of 2,116. The demand for sweets, arising from the natural necessity of the human system for alcohol in some form, is of comparatively recent occurrence, due to the Eighteenth Amendment.

A thorough analysis shows that the increases in production fall into four general classes—first, luxuries and commodities devoted to recreation and amusement and the making of living easier; second, basic industries furnishing the raw materials for the first class and, especially, for the machinery with which they are made; third, labor saving devices for home and office; fourth, staples.

SALLY'S SALLIES

Wasteful girls; they buy \$5 worth of hose and roll em down to \$2.30 worth.

By Fontaine Fox

This is an age of invention and brings home afresh the oft-quoted saying of Emerson to the effect that if a man but invent a better mousetrap than any one else, the world will beat a path to his door. Every day the United States Patent Office is issuing letters patent on every conceivable sort of a device, from the tiniest accessory to a woman's gown to a new type of battleship.

From a scrutiny of the types of inventions being made, it can be discovered that, more and more, the trend is toward the luxurious novelty. Each of such inventions, if placed on the market, has its little day, but the new ones come so fast that that day is like a May-fly's in duration, yet the American market is so vast that even a brief popularity is sufficient to make a fortune.

More solid and enduring inventions, of course, are being made also but to a surprising extent these relate to machinery and processes for manufacturing luxury goods and labor saving devices. The old-fashioned housewife, if reincarnated in this generation with a memory of her former duties, would think that she had nothing to do. This might be called the lazy man's age.

WHAT YOU READ LONG TIME AGO

TWENTY-FIVE YEARS AGO.
October 12, 1902.
No issue of today.

FIFTEEN YEARS AGO.
October 12, 1912.
Miss Nell Frederick of Seventh street left for Jacksonville, Fla., where she will reside.

Miss Alice Swaney of West Fifth street is reported critically ill. Misses Mary Davidson and Lora M. Hill spent Saturday in Rochester, Pa. War is declared by Montenegro. Nine Battalions of Turkish troops are attacked.

TEN YEARS AGO.
October 12, 1917.
Miss Alice Finley of Sophia street

entertained in honor of Charles Doyle and Matt Finley, who will leave with the next increment of draftees.

Mrs. George B. Harvey and daughter, Lavina left yesterday for Richmond, Va., where they will spend several weeks.

Henry Hamill will lead the next increment of men to Chillicothe on Sunday, when 80 draftees will entrain. Bernard Hogenmiller of Wellsville will be first lieutenant, and Carl Gruber, of this city, second lieutenant.

Lieutenants Roberts Brookes and Dale Davidson of this city and William H. L. Anderson of Chester, have crossed the Atlantic safely and are now at some unknown European port. News of their safe arrival was received here last evening by Thomas H. Anderson of Chester.

Harbin, China, now has 169 auto buses.

Many residents of London have never crossed the Thames.

AVOID UGLY PIMPLES

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face. Olive Tablets are a purely vegetable compound mixed with olive oil; know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result. Take nightly for a week. See how much better you feel and look. 15c, 30c, 60c.

Will You HELP?

Fire is the greatest criminal in all history. He kills, burns and destroys without mercy. He blots out thousands of lives and hundreds of millions of dollars worth of property each year.

Will you help capture this criminal—tie him—bind him—run him out of town? This is Fire Prevention Week. Now is the time for all of us to band together for the protection of our homes, our places of business, and the lives of our families.

SOCIETY

FALL MITE BOX MEETING IS HELD BY METHODIST CHURCH SOCIETY

Delegates to Conference in Lorain Are Named by Woman's Home Missionary Society.

Fall mite-box meeting of the Woman's Home Missionary society of the First Methodist Episcopal church was held last evening in the home of Mrs. W. M. McVay, Vine street. The devotionals were in charge of Mrs. Charles Larkins, who also spoke on "The Samaritan and the Neighbor Heart." Chapter 1 in the new study book for the year, "Adventure in Fellowship," was the topic by Mrs. J. T. Williamson. "Our Pledge for White Work—Where Used," was discussed by Mrs. E. D. Mackall. Mrs. W. B. Smith presided at the piano.

Delegates to the conference to be held at Lorain on November 2, 3 and 4, included Mesdames A. J. Savage, E. D. Mackall, W. T. McNutt and C. R. Boyce. Mrs. Charles Larkins, vice president; Mrs. Harry Logan, Steubenville district corresponding secretary, and Mrs. Frank Crook, vice president of the district, will also attend the meeting.

The December session will be held in the church parlors, when a fruit shower for the Bridgeport Deacons' Home will be held. Group No. 9, with Mrs. R. O. Stewart as chairlady, will be in charge.

Mrs. Vance Andrews Entertains.
Mrs. Vance Andrews of Jefferson street entertained the members of the Tuesday Afternoon Bridge club with a 1 o'clock luncheon yesterday afternoon in Quaker Inn, Salem. The table at which covers were arranged for 12 persons was decorated with fall flowers and green lighted tapers.

The afternoon was spent with progressive bridge, trophies being awarded Mesdames John Golden, George Welsh and Glen Galloway, members, and Mrs. Robert Stewart, a guest.

Mesdames John A. Frazier and Kenneth Martin were enrolled as members. Mrs. Robert Stewart was a special guest.

The next meeting will be held October 25, in the home of Mrs. Mervin L. Clendenning, Highland Heights, Wellsville.

Breeze Club Entertained.
Members of the Breeze club met last evening in the home of Mrs. Roy Sorg, Monroe street. Four tables of 500 were in play. Trophies were awarded Mesdames Edward Lewis, Edward Hines and Edward Holtzman; Messrs. M. H. White, Louis Capehart and Edward Holtzman.

Refreshments were served by the hostess, assisted by Mesdames Edward Hines and J. A. Harvey.

The next meeting will be held October 25, in the home of Mrs. W. H. White, Church Way.

Lincoln Association Committee.

An executive committee meeting of the Lincoln Home and School association was held last evening at the home of the president, Emmett Mylea, Orchard Grove avenue. The following committees were appointed: Membership, Mesdames John Smith, Fred Snowden and Harriett Anderson; Misses Claudia Gill, Elizabeth Miller, Ruth Wilson, Elizabeth McCann, Edna Clouse, Julia Beck and Margaret Simpson; Building Needs, B. F. Laughlin, Alfred Boulton and Mesdames George Jewett and L. E. Weaver; Reception, Marcus McCullough, Miss Julia Beck and Mrs. B. F. Laughlin; Ways and Means, G. L. Brokaw and Mesdames H. Dan Smith and Leo Ladinsky; Auditing, Henry Gruen and Harry Brokaw.

The next meeting will be held November 7, with Mr. and Mrs. Clarence Duff, Mrs. Fred Burblek and Miss Ruth Wilson in charge.

Paul and Robert Shone Surprised.

The Junior choir of St. John's Lutheran church surprised Paul and Robert Shone in their home, Northside avenue, last evening, in honor of their birthday anniversaries. The social hours were spent with music and games. Trophies were awarded Miss Margaret Rinestein, Miss Ruth Boxwell and John Butler. Piano selections were rendered by Misses Mildred Hercules and Jean Hassell, and Miss Ruth Anthony gave vocal numbers.

A wiener sizzle and marshmallow toast were held, covers being arranged for 22 guests. Halloween decorations were used in the luncheon appointments. The honor guests received many gifts.

Helen Gould Club Meeting.

Initial meeting of the Helen Gould Literary club was held last evening, in the home of Mrs. H. W. B. Spore, West Fourth street. The responses to roll call were summer reminiscences. Personation of Mary Roberts Rinehart was given by Mrs. John A. Frazier, of Carrie Jacobs Bond, by Mrs. Olen H. Dawson, and Mary Lewis, by Mrs. V. E. McElowney.

Refreshments were served by the hostess, assisted by Mrs. V. E. McElowney, covers being arranged for 14 guests.

Miss Mary Gable of Philadelphia was a special guest of the club.

The club officers for this year are: President, Mrs. Claude Nease; vice president, Mrs. W. H. B. Spore; secretary, Mrs. John A. Frazier; treasurer, Miss Helen Allison. The program committee includes Misses Helen Lewis, Eunice Allison, and Mesdames Walter Smith, Sidney Porter and Dale D. Thompson. The year's study will be "Modern American Literature and Art."

The next meeting will be held October 25, in the home of Mrs. Olen H. Dawson, Ohio avenue, East End.

Miss Maxine McVay Hostess.

Members of the Sunshine club of the Nazarene church, taught by Miss Mae Foden, were entertained last evening in the home of Miss Maxine McVay, Waterloo street. A guessing contest followed a short business session, trophies being awarded Misses Madeleine Finley, Edna Anderson and Dorothy Estell.

Refreshments were served by the hostess' mother, Mrs. John McVay, assisted by Miss Charlotte Reynolds. Covers were arranged for Misses Mae Foden, Dorothy Estell, Eleanor Pyle, Dorothy Watkins, Pearl Green, Edna Anderson, Madeline Finley, Ada Hulise, Ralph and Donald McVay.

Miss Helen Brophy was a special guest.

Honor William Pittenger.

Girls of the bisque warehouse and dipping house of the "Old End" of Knowles, Taylor & Knowles pottery entertained with a chicken dinner at noon yesterday in the pottery, honoring the sixty-third birthday anniversary of William Pittenger. Covers were arranged for the honor guest and Mesdames Pearl Hill, Margaret Reese, Ivella McIntosh, Mary Weaver, Effie Heckathorne and Olive Wilson; Messrs. Milo Russell, William Prescott and Harvey Craven.

Lunch at Duff's, W. 6th St.

Hostess to Dorcas Circle.

Mrs. J. C. Cunningham entertained the members of the Dorcas Circle of the Orchard Grove avenue Methodist Episcopal church, last evening, in her home, Gardendale avenue. The forepart of the evening was spent with a business session, after which refreshments were served. Places were arranged for 11 guests.

Mrs. W. E. Speaker of Wintersville, O., formerly of this city, lead in prayer.

The next meeting will be held at the home of Mrs. Mary Anderson, McKinnon avenue.

Berean Bible Class Session.

Meeting of the Berean Bible class of the Pleasant Heights Mission will be held at 7:30 o'clock tomorrow evening in the home of Mrs. William Lucas, Pleasant Heights.

Concert in Bethesda Church.

The old-fashioned concert, held last fall and winter by the ladies of the Orchard Grove Avenue Methodist Episcopal church, under the direction of Mrs. H. Dan Smith, will be repeated tomorrow evening at 8 o'clock in the Bethesda Presbyterian church. This marks the first of a series of engagements for the winter, the second to take place November 7, in the Second Presbyterian church of East End.

When it too rainy to go home, lunch at Duff's, W. 6th St.

P. H. C. Euchre Party.

The first of a series of euchre parties will be held under the auspices of the Orchard Grove Avenue Methodist Episcopal church, tonight at 8:15 o'clock in the Pottery's hall, West Sixth street. The committee includes Mesdames Myrtle Morgan and George Gosper and Messrs. Grover Jackman and J. E. Anderson.

The public is invited to attend.

Happy Boys' Club Dance.

The Happy Boys' club will entertain with a round and square dancing party tomorrow evening in the Curran Dancing Academy studio, East Fifth street. The music will be in charge of the Dixie orchestra.

Gump Club to Reorganize.

The Gump club will reorganize with a wiener sizzle at Stop 53 in the Youngstown and Ohio railroad tomorrow evening. All former members are requested to board the 7 o'clock car at Larkin's corner, Diamond.

Rebekah Lodge Session.

Ceramic Rebekah lodge, No. 286, met last evening in the Odd Fellows temple, West Sixth street. A report of the Ohio Assembly was given by Mrs. Jemima Goodballet, representative from District No. 39. Arrangements were for members to attend a district meeting in Salineville on October 25.

Refreshments were served. The Past Noble Grand association of the lodge will meet Tuesday evening, October 18.

PERSONALS

Miss Mary Gable of Philadelphia, is the house guest of Miss Jane Irwin, Ohio avenue, East End.

Mrs. W. E. Speaker of Wintersville, is the guest of Mr. and Mrs. Charles L. Skinnell, St. Clair avenue.

Mr. and Mrs. W. M. Carey of West Fifth street have been called to Steubenville by the death of Mrs. Margaret

Annoying Night Coughs

Stopped Almost Instantly.

Very frequently adults and children, especially children, have spells of night coughing due to bronchial irritations or while suffering from colds. These coughing spells, if not quickly checked, are very injurious to the health.

A famous physician's prescription called Thoxine, much better than patent medicines and cough syrups, acts on a different principle, relieves the irritation and stops the cough within 15 minutes or money back. Contains no chloroform, dope or other harmful drugs. Pleasant tasting and safe. 35c., 60c. and \$1.00. Ask for Thoxine. At all druggists.

Most Nurses Use

New Face Powder

MELLO-GLO, the new wonderful French Process Face Powder, is preferred by nurses because of its purity, and they say it does not make the skin dry and drawn. Stays on longer, keeps shine away, and is very beneficial to the complexion. You too will love MELLO-GLO when you use it.

Carnahan's Drug Stores.

"WAY OF FLESH" SCREEN WINNER

Emil Jannings Heads
All-star Cast at
Ceramic.

Final and positive proof of American supremacy in the field of producing inspiringly entertaining motion pictures was flashed on the screen at the Ceramic theatre yesterday as Paramount's "The Way of All Flesh" in which Emil Jannings makes his American debut, was projected.

It would be impossible to speak too highly in praise of this picture or of the wonderful performance that the great Jannings gives. Suffice it to say that he substantiates the faith Paramount Famous Lasky placed in him by bringing him to Hollywood; the faith that the public and the critics of the world accorded him when his Boss Mueller of "Variety" was pronounced by all as the best character portrayal of 1926. Jannings is great with a greatness that will endure as a standard for future generations to be judged by.

It is gratifying to know that "The Way of All Flesh" starring Europe's foremost actor and having as it does that indefinable polish that heretofore has been credited mostly to the Europeans, was made in an American studio by an American director, Victor Fleming, whose previous production was "The Rough Riders." Because of his fine work, Fleming de-

serves to be classed among the real artists of photoplay making.

An ideal cast was assembled to support Jannings. At its head is Belle Bennett, famous through the world as "Stella Dallas." Phyllis Haver, the bewitching siren, is alluringly perfect. All others are deserving of high praise. Mention must also be made of Perley Poore Sheehan, who wrote the story and of Jules Furthman for the screen play he made from it.

Wooster Stresses Defense.

WOOSTER.—Improvement of defense and forward pass offense are the aims of Coach L. C. Boles, as he prepares the Wooster football squad for the game at Heidelberg Saturday. There may be some shifts in the line in the interest of an improved defense, the coach has indicated. Snyder, guard, seems to be the only one sure of his place.

The original manuscript of Robert Louis Stevenson's "Records of a Family of Engineers" was sold for \$8,000 at a sale in London recently.

COLUMBUS.—With Raskowski, Cory, Grim and Urdi on the side lines from minor injuries, Ohio State's varsity football eleven made a dismal showing in scrimmage with the freshmen.

The frosh outplayed the varsity in every department and stopped Byron Eby, star-back. Eby failed to pierce the frosh line for a single yard and several times was thrown for losses.

VETOES WELLSVILLE FRANCHISE FOR POWER COMPANY

MAYOR W. L. FOGO RULES AGAINST 50-YEAR GRANT

Ordinance Will be Sent Back to Council.

PERIOD TOO LONG

Action Follows Meeting of Chamber of Commerce.

Ordinance approved by Wellsville city council at its meeting on October 4, granting a 50-year franchise to the Ohio Power company, will be sent back to solons next week with Mayor W. L. Fogo's veto on it.

Reasons for his action, in detailed form, will be attached to the ordinance when it is resubmitted to council, Mayor Fogo said today.

While declining to enumerate these reasons, the city's chief executive indicated that a consensus of opinion of local business men and others, including directors of the Chamber of Commerce, held that a 50-year period was too long.

The franchise was discussed by the chamber of commerce directors at a meeting last night.

In asking for a 50-year franchise, Manager Ralph Couch, of the Power company, and Attorney W. H. Vordrey, counsel for the company, pointed out that the company would be better able to take care of Wellsville's needs as well as to provide improved equipment, which, they said, could not be done as easily under a short-term franchise.

Council passed the ordinance at separate readings, finally approving it last week and submitting it to Mayor Fogo for executive action.

The 10-day period in which Mayor Fogo has to act expires Friday night.

ATTENDANCE MARK IS HIGH

School System Hits 96 Per Cent Figure in September.

Attendance throughout the entire public school system here was exceptionally good during the month of September, according to the report of Superintendent S. E. Daw, filed last night with the board of education.

The general attendance reached a mark of 96 percent for the four schools of the system, despite unfavorable circumstances.

Contract for the painting of the exterior woodwork of the high school building in Center street, was awarded by the board to J. A. Gilmore.

Don't Ignore Acid Scalp!

We have all been too close to people whose hair had a noticeable odor. It is due to an acidity that soap and water are powerless to prevent. You may not have acid scalp. Or you may have it and not know it. But dandruff should make you suspicious, and hair that "strings" is a sure sign.

When hair has a dull, "dead" look after curling—and the wave is all out a few hours after use of the iron—it is time to use Danderine. Just a few drops of this highly scientific preparation will check acidity, and give your hair such lovely softness that dressing it will be a delight. It will arrange easily, and stay as you arrange it. Every particle of scale will be dissolved. It makes an amazing difference. And for only thirty-five cents, your druggist will give you a bottle of Danderine that will last for weeks!

D. A. R. Entertained At W. F. Lones Home

Mrs. Lones and Sister, Miss Carrie Southwick, Hostesses at First Fall Meeting.

Mrs. W. F. Lones and her sister, Miss Carrie Southwick, were hostesses to members of the local chapter of the Daughters of the American Revolution last evening at the Lones home in Tenth street, the meeting being the first of the present season.

Reports of committee chairmen were given during the business session, which followed the customary opening ceremonies. Devotional exercises were conducted under the direction of Mrs. William Wilson.

For roll call, members responded with "vacation notes," in which quite a number told of their activities during the past summer in locating graves of Revolutionary soldiers in Columbia county.

A greeting from Mrs. Brousseau, of Washington, D. C., president general of the national organization, was read by Mrs. J. E. Simpson.

Miss Miriam Wolgamott pleased with an appropriate poem on Columbia.

Guests of the chapter included Mrs. Henry Green and Miss Frances Soule of East Liverpool and Mrs. L. E. Lee of Wellsville.

Autumn flowers added to the attractiveness of the home decorations.

Luncheon was served by the hostesses, assisted by Mrs. George Moore and Miss Soule.

The next meeting of the chapter will be the annual Thanksgiving session.

REV. K. J. STEWART AT OAK RIDGE

Preparatory services will be held on Friday evening at 7:30 o'clock in the Oak Ridge Presbyterian church.

Rev. K. J. Stewart, pastor of the Yellow Creek Presbyterian church, will preach the sermon.

SOCIAL FRIDAY AT HILLCREST

Arrangements are under way for the social to be held Friday evening by the Hillcrest Community club in the Hillcrest school house. A program of music and other entertainment features is in course of preparation. Refreshments will be served. There will be no admission charge, the committee announces.

ARREST MAN ON OLD HOTEL BILL

Vincent Velan, living near Fallston, Pa., charged with having failed to meet a board bill incurred here a year or more ago, was arrested last night by Chief of Police John Fultz.

Velan, it is charged, defaulted in the payment of a bill amounting to \$51 to the Patterson hotel, which formerly operated in Twelfth and Main streets.

He accompanied Chief Fultz from Fallston without resistance last night and is in jail here today.

Announce Birth of Daughter.
Mr. and Mrs. Paul Brant, of Center street, announce the birth of a baby daughter. The new arrival has been christened Marcelline June. The mother will be remembered as Miss Alice Fraser.

10,000 KNIGHTS TEMPLAR PARADE

AKRON, Oct. 12.—More than 10,000 Ohio Knights Templar, all in full regalia, were to take part in the parade here this afternoon which will be the feature event of the annual state convocation.

The convocation will come to a close tomorrow after business sessions and talks by officials of the Ohio commandery.

GERMAN PLANE OFF FOR AZORES

BERLIN, Oct. 12.—The Heinkel hydroplane, piloted by Hans Menz and carrying a mechanic and one passenger, hopped off at 1:20 this afternoon from Warnemunde on the first leg of a trans-Atlantic flight.

The Azores were the first objective of the flyers.

CLEANS WINDOWS AT CITY HALL

James Reed, who says he is from San Antonio, Texas, was arrested last night as a train rider by local police. He was put to work by Officer John Duncan this morning cleaning the windows in the city hall building.

MINER IS HURT IN SLATE FALL

Salineville Man Hurt About Shoulders and Back.

Charles Buxton, employee of the Bougher Coal Mining company, Salineville, is recovering from the effects of injuries sustained yesterday when he was caught under a fall of slate.

Buxton, it is said, was almost buried under small pieces of slate from the roof of the mine, fellow workmen being compelled to dig him out.

He was badly bruised and cut in the back and shoulders and was given medical attention by Dr. C. A. McCulloch.

He was later taken to his home in Fox township county, near Reilly church.

TOY FACTORY SOUGHT HERE

Chamber of Commerce Directors Hold Session.

Steps looking toward the establishment of a toy factory in Wellsville were discussed by Wellsville Chamber of Commerce directors at a meeting last night in the city hall building.

Representatives of the factory, it is said, were in the city recently, discussing preliminary plans for establishment here.

The chamber directors also urged action on the establishment of a wharf at the upper end of the city.

SALINEVILLE

A beautiful wedding was solemnized Wednesday at 511 Logan avenue, Steubenville, when Miss Irene Hutson, of Salineville, became the bride of Eugene Williams, with Rev. Hugh D. Darsie, pastor of the Church of Christ, officiating. The bridegroom was of blue crepe de chine trimmed in gold. Miss Elizabeth W. Darsie, bridesmaid, was attired in pale blue crepe. Howard Williams, cousin of the bridegroom, was best man.

A 2 o'clock lunch was served by the mother of the bride at the country home near Monroeville. The bridegroom is the only son of Mr. and Mrs. Emmet Williams of near Bergholtz. The bride is the daughter of Mr. and Mrs. Ben Hutson.

Mr. and Mrs. Williams will reside for the present with the bridegroom's parents.

The monthly "Auld Lang Syne" dance at Addison Hall Friday evening was attended by 40 couples from Salineville. The out of town guests were Mr. and Mrs. J. C. Campbell, Mr. and Mrs. L. A. Faloon, Mr. and Mrs. H. C. Hamilton and Mr. and Mrs. E. E. Redinger of Wellsville; Mr. and Mrs. Frank Johnson and Mr. and Mrs. C. Smith of Summitville; Mr. and Mrs. R. Smith and Mr. and Mrs. J. R. Babin of Midland, Pa.

Mr. and Mrs. John Jones and daughter, Gwendolyn, and Mrs. Thomas Thomas of Cleveland were Sunday guests of Attorney and Mrs. S. E. McCormick of East Main street.

Mr. and Mrs. Alvin Barcus, East Main street, announce the birth of a son Sunday morning. Mrs. Barcus was Miss Mildred Smith.

Paul Dallas, of near Grant hill, who was badly injured when his chest was pierced with the prong of a fork on a hay baler, has returned from the East Liverpool hospital.

Mr. and Mrs. Clarence Carnahan and Mr. and Mrs. C. R. Randolph were Sunday guests of Mrs. Cora Altman, in Canton.

Mr. and Mrs. A. C. Boice, of East Liverpool, were visiting Mr. and Mrs. William James, West Main street, Sunday.

Frank Bright, of Maple Hill, is reported seriously ill.

Revival services opened at the Monroeville church, Monday evening, with the pastor, Rev. W. S. Martin, in charge. A large congregation was present. The pastor talked from the theme, "The Cost of a Revival." Those present from Salineville were Mr. and Mrs. O. M. Ashbaugh, Mrs. S. E. McCormick, Mrs. Johnson, Mrs. Heatherington and Mrs. Daniels.

M. P. MISSIONARY PLAY PLANNED

Regular rehearsals are being held for the playlet to be presented on Friday night by the Homer Missionary society of the First Methodist Protestant church, in the auditorium of the city hall building.

The playlet is "Clubbing a Husband" and the cast will be made up of members of the church. The curtain will go up at 8 o'clock.

Chile is to cut its tax on automobiles.

Paris women are wearing plus-fours.

CITY TO HOLD PUBLIC SALE

Will Dispose of Goods Confiscated in Police Raids.

A huge quantity of "bootlegging" material, including sugar, kegs, bottles, cans, jars, burners and other appurtenances will be disposed of Saturday afternoon at 1 o'clock in front of the city hall building, Fifth and Main streets.

However, it will all be perfectly legal, and under the supervision of Mayor W. L. Fogo, and Safety Director George Ashley.

The articles to be sold are the results of confiscations by the police force in liquor raids during the last four or five months.

Among the things to be disposed of are 800 pounds of brown sugar, copper from junked stills, burners, new 10-gallon kegs, a large quantity of new five-gallon tin cans, five-gallon jars, innumerable bottles, a good gasoline engine, hand pumps, four drums of gasoline and other articles.

START NIGHT CLASS FRIDAY

Women to Study Cooking, Serving and Like Subjects

Organization of classes in home economics, sewing, cooking, diets, etc., will be launched on Friday night under the direction of Miss Helen Yenger, high school teacher, when prospective students will assemble in the home economics rooms of the high school building, Center street.

Under the night class plan suggested by school authorities, women who are not high school students will be given an opportunity to study cooking, sewing and kindred subjects.

The Friday night session is scheduled for 7 o'clock.

DISCUSS PLANS FOR HALLOWE'EEN

A general discussion of plans occupied the attention of members of the committee in charge of arrangements for the Halloween celebration here on Monday, October 31, at a meeting last night in the city hall building.

The committee is engaged chiefly at present in working out details of the gift awards, the treasure chest and the pair of ponies, from which funds will be obtained to aid in meeting expenses of the observance.

Given Leave to Answer.

The Dillon Electric Co., of Salineville, has been given leave by the court to file an answer at once in the case of the First National Bank of Marietta, against James S. Strabley and others. In this case the court rendered a judgment by default in favor of the plaintiff interest last month for \$48,703. The action was one wherein the foreclosure of mortgage was sought, and the Dillon Electric Co. claims an interest in the property of the defendants.

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Weth's Sage and Sulphur Compound" you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, for only 75 cents.

Don't stay gray! Try it! No one can possibly tell that your darkened hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

REASONS WHY SOME PAVEMENTS FAIL—

and how a brick surface prevents that costly failure

You've seen it happen. A pavement recently laid. Perhaps not yet paid for. But—going to pieces, running up repair costs.

Why did it fail? Perhaps the base was not strong enough. But, more likely, the surface did not provide protection for the base. When that happens, modern traffic is not long in hammering the pavement into premature wreckage.

Paving brick, being vitrified, does not absorb water. Laid on any good base, with a sand cushion, and bound together with asphalt, a brick surface keeps all water

out. And, furthermore, has sufficient "give"—resilience—to protect the base from the jolting punishment of heavy traffic.

Brick is the toughest wearing-surface man makes. Also it is level, easy-riding, safe and easy on the eyes. In dollars of cost per year, records prove brick the cheapest of all pavement. In value it is the highest type of paving material known.

"The A. B. C. of Good Paving," a taxpayer's manual, tells in words and pictures how engineers today build over-wearing, low cost, brick surfaced roads and streets. Address your request to National Paving Brick Manufacturers Association, 322 South Michigan Boulevard, Chicago.

SMITH'S FERRY ROAD WILL BE COMPLETED BY NOV. 1

BUILDERS RUN HIGHWAY CURB AT STATE LINE

Allison and Harris Rush Work on New Link.

CONCRETE JOB

Rinehart Brothers on Overhead Crossing at Vanport.

The Allison & Harris Construction company of East Liverpool expect to complete the improvement of the new road through Smith's Ferry within two or three weeks. It was announced at the Beaver county highway department office, Beaver, today.

The contractors are now running a curb on both sides of the highway, which begins at the bridge over Beaver creek and connects with the new road, built last year, just east of the Pennsylvania railroad station.

Last of the concrete surfacing was poured about a month ago and except for the curb the road is finished. Beaver county officials have permitted the contractors to keep the road closed while the curbs are being built.

The new road when opened will complete the improvement between Midland and East Liverpool. The highway follows a course north of the Cleveland and Pittsburgh railroad and street car tracks, eliminating the dangerous grade crossing near the Smith's Ferry station. Pending the finishing touches, traffic is being routed over the old street car route, in the village.

Rinehart Brothers, of East Liverpool, who hold the contract for the fill at the overhead grade crossing at Vanport, have reached the 60 per cent mark on this job. Night and day crews are being used. With good weather prevailing the fill could be completed on or about November 1.

Samaritans Meet Tonight.

Meeting of Mekka Sanatorium No. 231, Ancient Mystic Order of Samaritans will be held in the Odd Fellows temple, West Sixth street, tonight.

Flyer Battles Fog

(Continued from Page One)

ting the elements in the storm area. Miss Elder and Haldeman probably would choose to fly at the highest altitude possible in order to evade the elements of the storm, or else the plane would be excluded from the view of vessels beneath them by the low-flying clouds and fog-shrouded skies.

The "American Girl" hopped off from Roosevelt field, Long Island, just after 5 o'clock yesterday noon. If all goes well, the flyers hope to reach their goal in 38 to 42 hours. Thirty-eight hours of flying would place them in Paris at noon, Paris time, tomorrow, or 7 a. m. New York time. The present rate of speed of the plane, however, as computed from the position given by the American Banker in its wireless message last night, indicates that more than 38 hours will be needed for the flight.

The flyers elected to follow the steamer route instead of the great circle course which Colonel Charles Lindbergh followed on his trail blazing flight. The former route adds several hundred miles to the flight, but Miss Elder and Haldeman figured they would benefit by the presence of steamers beneath them along the path of the flight.

Weather conditions across the Atlantic are regarded as far from favorable, but the air over the French coast is clear and the visibility expected to be excellent once the ocean hop has been completed.

Carries Radio Set.

"The American Girl" left Roosevelt field at 5:04 p. m. yesterday. The planes carries a small radio sending set with a radius of about 25 miles.

Miss Elder's co-pilot and navigator, Captain Haldeman, is a World war veteran who served with the American flying forces in France. He is also a navigator and radio operator.

After passing Montauk Point, on the eastern end of Long Island, the plane headed out to sea.

The pilots have planned their course so that they will head due east for 124 miles, then veer toward the English channel on the way to Le Bourget airdrome in Paris. None of the previous trans-oceanic flights took the pilots over so great a stretch of ocean.

Weather Prophets Wag Heads.

The plucky woman was pursuing the to goest and toughest course yet mapped out for an ocean aviator. She was flying this course after the season was officially "closed" to such expeditions and with weather prophets wagging their heads in doubt.

She was flying "The American Girl" with a smile on her lips and a rag doll in her arms, flying it with a Bible her mother gave her tucked under the seat, a Chinese good luck ring, the gift of a girl friend, on her finger, and a rabbit's foot tucked in her helmet.

One of the last things Miss Elder did before she stepped into the plane was to kiss H. B. Cornell, a wealthy orange grower of Florida, and T. D. McArdle, two of the backers of the flight. She kissed each one several times.

Miss Elder's principal backers are eight business men of Wheeling, W. Va. All the backers tried in vain to persuade Miss Elder and Captain Haldeman to give up their plans for a trans-oceanic flight this year because of the recent disastrous attempts by other flyers. Miss Elder and Haldeman took the responsibility of making the flight.

GIRL PILOT AND NAVIGATOR SPEED TOWARD PARIS

Undaunted by the disasters met with by others of her sex in attempted trans-oceanic flights, Miss Ruth Elder, Lakeland, Fla., pilot, in her plane, "The American Girl," is on her way from New York to Paris, hoping to be the first woman to span the Atlantic in a non-stop flight. The plane is shown above with various poses of the flyer and her navigator, George Haldeman, former army aviator. Below, center, is a Chinese ring, worn by Miss Elder as a good luck talisman. The flight is backed by Wheeling, W. Va., capital.

NO ARGUMENTS ON FIREWORKS

Committees Agree to Waive Right in Referendum.

An expenditure of \$300 or more will be saved by the city of East Liverpool as a result of the decision of the proponents and opponents of the fireworks banning ordinance to waive the right of circularizing the voters with arguments for and against the legislation which will be submitted to the electorate on November 8.

In compliance with the law, Mayor Benedum recently named committees to draft argument. The group to defend the ordinance included Leo Rubin, Councilman Thomas Farrell and Willard Chambers, while Attorney G. Y. Travis, Paul Hume and C. W. Davis were chosen to frame arguments against the measure.

The latter committee recently indicated that they were willing to waive the right of submitting an argument. The committee in favor of ratification agreed to do likewise.

The law provides for the printing and sending to every voter prior to the election, a copy of the proposed ordinance, subject to a referendum, together with arguments for and against the measure. The printing with postage and the clerical services would have cost the city not less than \$300, according to estimates.

The ordinance prohibits the sale and use of fireworks within the city.

DEFER MARSHALL BILL MEETING

Reorganization meeting of the East which was to have been held in the Liverpool Law Enforcement League, First Presbyterian church last night to lay battle lines for the support of the Marshall bill at the polls on November 8, was postponed until next Monday evening.

W. C. T. U. HEARS MISS SCOTT

Closer Relationship Between Parents and Children Urged.

Closer relationship between parents and their children was urged by Miss Grace Leigh Scott, Greenville, Ind., associate director and field lecturer of the social morality department of the National Women's Christian Temperance Union at a meeting in the First Baptist church last night under the auspices of Crusade Union, W. C. T. U. Her subject was "Life, the Masterpiece."

Miss Scott was introduced by Mrs. K. L. Rothwell, East Palestine, president of the Columbiana County Women's Christian Temperance Union. Mrs. C. R. Reese, this city, presided. Mrs. Ray Standley, soprano, rendered a solo number, "My Task," with Paul Smith as the accompanist.

Miss Scott spoke in the schools and before the Kiwanis club at East Palestine yesterday. She will be in Leona tonight and at Salem tomorrow night. Her last talk in Columbiana county will be at the First Presbyterian church, Lisbon, Sunday afternoon. In her talk last night Miss Scott told of her experience as a welfare worker with the Y. M. C. A. in France during the World war.

MAN'S HAIR TURNS GRAY IN JAIL

CLEVELAND, Oct. 12.—When he was first incarcerated in county jail six weeks ago, Benjamin Sindelar's hair was jet black, but since that time it has turned to gray, it was learned today.

Mental anguish over his arrest on a charge of forgery brought about the change, according to Sindelar. When arraigned late yesterday he pleaded guilty and was sentenced to a year in the state penitentiary.

REPORTS FROM STOCK MARKETS

Cleveland Produce.

CLEVELAND, Oct. 12.—Butter—Extra, 49 to 51c; firsts, 46 to 47c; packing, 28c.

Eggs—Extra, 48c; extra firsts, 45c; firsts, 35c.

Oleo—High grade animal oils, 25 to 25½c; lower grades, 20 to 22c.

Cheese—York State, new, 27 to 30c.

Poultry—Fowls, 25 to 27c; roosters, 15 to 16c; springers, 25 to 27c; ducks, 20 to 23c; geese, 18 to 20c.

Apples—Jonathan No. 1, \$2.00 to \$2.50; bushel; Duchess, \$1.50 to \$2.00; Cabbage—Home grown, 1c per lb.

Potatoes—Home grown, \$1.25 to \$1.50, bushel.

Cucumbers—York State, \$2.50 to \$3.25, bushel.

Pittsburgh Produce.

PITTSBURGH, Oct. 12.—Butter—Prints, 53½ to 54c; Gals, 52½ to 53c; Pa. & O., 45½ to 46c.

Eggs—White, nearby, 50 to 52c; fresh selected, 48 to 50c; current receipts, 36 to 38c.

Live poultry—Hens, heavy, 25 to 26c; hens, light, 17 to 19c; roosters, 15 to 16c; spring chicks, 25 to 26c; ducks, 23 to 26c; geese, 18 to 22c; turkeys, 35 to 40c.

Vegetables—Tomatoes, 25 to 60c (basket); potatoes, (Pa.), \$2.90 to \$3.10 (150 lbs.); cabbage, \$1 to \$1.25 (barrel).

Pittsburgh Livestock.

PITTSBURGH, Oct. 12.—Cattle—Supply light; market steady; choice, \$11.50 to \$12; prime, \$11.75 to \$12.50; good, \$11.50 to \$12; tidy butchers, \$10.50 to \$10.90; fair, \$9.50 to \$10.50; common, \$7.50 to \$8.50; common to good fat bulls, \$8.25 to \$8.25; common to good fat cows, \$8.75 to \$8.75; half ers, \$8.50 to \$9.25; fresh cows and springers, \$50 to \$125; real calves, \$17.

Sheep and Lamb—Supply 1,000; market steady; good, \$8; lambs, \$14.

Hogs—Receipts 1,500; market high; prime heavy hogs, \$11.75 to \$12.25; heavy mixed, \$12.15 to \$12.25; mediums, \$12.25 to \$12.35; heavy yorkers, \$12.15 to \$12.25; light yorkers, \$11.50 to \$11.85; pigs, \$11 to \$11.50; roughs, \$10 to \$10.75; stags, \$6 to \$7.

Cleveland Livestock.

CLEVELAND, Oct. 12.—Hogs—Receipts 2,000; market steady to 10c lower; top \$12; quotations: 250-350 lbs., \$11.25 to \$12; 200-250 lbs., \$11.75 to \$12; 160-200 lbs., \$11.75 to \$12; 130-160 lbs., \$11 to \$11.85; 90-120 lbs., \$10.75 to \$11.25; packing sows \$9.25 to \$10.25.

Cattle—Receipts 250; calves 200; market: slow, steady on cattle and calves; bulk quotations: beef steers \$7.75 to \$9.75; beef cows \$6 to \$7.50; low cutter and cutter cows \$4 to \$5; yearlings \$15 to \$18; heavy calves \$13 to \$16.

Sheep—Receipts 2,000; market: strong to 25c higher; quotations: top fat lambs \$14.25; bulk fat lambs \$13.75 to \$14.25; bulk cull lambs \$9.50 to \$11; bulk fat ewes \$5 to \$6.50.

FLYERS FACE WINDS AND FOG

New York Weather Bureau Warns of Storm Area.

NEW YORK, Oct. 12.—Here are the weather conditions which the plane "American Girl," carrying Miss Ruth Elder and George Haldeman across the Atlantic to Paris, is encountering on its journey, according to Dr. James Kimball of the New York weather bureau.

About longitude 50, where the plane is scheduled to swing northeast, approximately 1,200 miles from New York, adverse winds will meet the plane. A few hundred miles further the winds swing to the west to southwest and then further south, tending to blow the plane off its course to the north.

Then come tail winds until the plane noses into the worst weather of its trip, a persistent storm area that has hung 600 to 1,000 miles east of France for a week.

Over France the weather is likely to be clear with good visibility night and day.

At the start, "The American Girl" had good weather conditions. Thereafter, however, the intrepid girl flyer and her companion were expected to encounter extremely unfavorable weather. Fogs were expected to prevail most of the way.

FINE LISBON MAN ON RUM CHARGE

James Rubina, living at North Market and West Chestnut streets, Lisbon, was arrested by Sheriff George Wright, Deputy Sheriff Lawrence Kindsvatter, Marshal George Groves, Lisbon, and Constable Clarence Wetzel, Center township, yesterday, charged with the illegal possession of intoxicating liquors.

Rubina was fined \$200 and costs by Mayor Robert B. Clark, Lisbon, last night.

When the raiders forced their way into the Rubina home, they found, it is claimed, a woman pouring liquor into the sink. Marshal Groves found that part of the liquor had been caught in a basin and as he started toward the door with the "evidence" Rubina is alleged to have knocked the container from his grasp. Later, the officer found two two-gallon jugs of liquor under a false floor in the house, they said.

MARSHALL BILL LIONS' TOPIC

Merits of the Marshall bill which will be submitted to a referendum vote at the November 8 election will be discussed at the dinner meeting of the Lions' club in the banquet hall of the Y. M. C. A. at 6:15 o'clock tonight.

Attorneys Harry and G. L. Brokaw will defend the measure while Attorneys W. S. Foulks and W. S. Stevenson will submit the opposing argument.

WITHDRAWS COUNT AGAINST STAATS

Charge of intent to defraud Mrs. Ida May Stone of an automobile, filed against Joseph Staats, 1217 Pennsylvania avenue, in municipal court, was withdrawn today pending disposition of a civil action before Judge J. C. Hanley.

In the meantime, the automobile has been placed in the custody of the court bailiff. Staats alleges he has a claim of \$350 against the car.

REMUS WANTS WOMAN JURORS TO DECIDE FATE

Wealthy Wife Slayer Predicts They Will Acquit Him.

NOVEMBER TRIAL

Bootleg King's Agents Scour Nation for Hidden Fortune.

CINCINNATI, Oct. 12.—"Women can serve as jurors in Ohio," I want women on the jury which hears my case. I would be happiest if I could have 12 women judge me. Only women can know the depths of degradation to which a woman must sink to betray the man who had given her everything she owns, and were a jury of women to sit in judgment I would be freed without the jury ever leaving the box."

George Remus, wife slayer, many times a millionaire by a fortune snatched from money given by women as divorce court fees, divorced by one woman to marry the co-respondent—

George Remus, flounder of all the ideals and conventions woman is supposed to hold dearest, from his cell in the Hamilton county jail announced that he will, as far as limitations of the venire permit, select feminine jurors to weigh his life in the scales of justice against that of the woman he killed.

Remus discussed the all vital questions of the jury which will try him as his agents continued a nation-wide search for millions claimed by Remus and hidden, he asserts, by his dead wife.

Women Have Emotion of Loyalty.

"My experience in the divorce courts as a lawyer back in Chicago showed me that women have a keener sense of fundamental justice than men," said Remus. "They may not understand or they may deliberately ignore the finer technicalities of an over technical law. But a woman, placed in a position where she must decide some matter vital to the affairs of another, asks one question, first:

"Is it right?"

"Then, whatever be the process of law, she acts to bring a verdict that will conform to the dictates of her conscience."

"I don't care whether the women who may serve on my jury come from the homes of society, from the tenements of the workers, from the country, from the churches or the streets. All women have a fundamental emotion of loyalty."

"No more bitter and stern judge was ever in the world than one woman sitting in judgment on another who has betrayed her mate."

Search for \$1,800,000.

A coast-to-coast search was under way today for the \$1,800,000 claimed by Remus to have been taken from him by her during his imprisonment in the federal penitentiary.

Advertisements appealing to banks, depositaries, safety deposit vaults and the like for information regarding the possible whereabouts of the fortune have been inserted in newspapers here by Remus' secretary, George J. Connors.

The advertisements, it was stated, are to appear also in newspapers of New York, Detroit, Los Angeles, St. Louis, Chicago, Louisville, Milwaukee, Atlanta, Buffalo, Lansing, Cleveland, Toledo, Dayton, Evanston, Indianapolis, Miami, Hialeah, and in Winnipeg, Windsor and Walkerville, Canada.

Following the inquest into the slaying of Mrs. Imogene Remus, caused the coroner ruled by "premeditated" murder, Remus was formally held for the crime.

The trial of the former millionaire lawyer and bootlegger on the murder charge has been set for the first week in November, by Criminal Judge Chester R. Shook.

TODAY

(Continued from Page One)

FEW do assume it, who know that life can exist wherever oxygen and water exist, and that the spectroscopic shows oxygen and hydrogen through out the universe. We cannot see life on other planets. Even on the moon, object nearest to us, nothing smaller than a big skyscraper would be visible through a modern telescope. But men no longer believe only what they see. They cannot see the radio, working through the ether, but they believe that it works.

SCIENCE will some day build a telescope, enabling us to see life on other planets, which will probably amaze us, as when we first saw microscopic life in a drop of stagnant water.

Alfred Russell Wallace, a great scientist, co-discoverer of evolution with Darwin, persuaded himself that human life and intelligence were a monopoly of this death. But he was old and did not give the laws of nature credit for sufficient versatility.

The situation in the Balkans is described as "more acute." Yugoslavia and Bulgaria, for reasons that would seem trivial to us, for away, may decide on war at any time.

Let us hope it will not start anything expensive for us, as did the Sarajevo incident in 1914.

POLAND and Lithuania contribute their complication to Europe's troubles. Fortunately Pilsudski, Polish dictator, seems able to take care of his situation, with France, and a huge army, back of him.

A dictator, in earnest, like Mussolini or Kemal Pasha, seems to be the best investment for the average European country, now that the world has been made safe for democracy.

The plane is powered with a single 800 horse power Packard motor.

GERMAN PLANE HOPS; MAY GO TO NEW YORK

Fuels-Heinkel "Water Monoplane" Leaves Warnemund.

OCEAN FLIGHT

Amsterdam, Lisbon and Azores Legs of Voyage.

HAMBURG, Germany, Oct. 12.—The Fuel-Heinkel plane D-1220, which hopped off at Warnemunde for Amsterdam was forced down near Hamburg late this afternoon by engine trouble.

BERLIN, Oct. 12.—A Fuel-Heinkel "water monoplane," the D-1220, piloted by Horst Merz, hopped off at Warnemunde at 1:29 o'clock this afternoon on a flight which may terminate at New York if conditions are propitious.

Merz was accompanied by a mechanic, Herr Rhode, and a radio operator, Herr Boek. He said he intended to land at Amsterdam. If weather conditions are favorable for trans-Atlantic flight, he will proceed from Amsterdam to Lisbon and the Azores, thence to Newfoundland and New York. If weather conditions are unfavorable, Merz will give up his trans-Atlantic plans, making a tour over Europe.

The plane is powered with a single 800 horse power Packard motor.

DEATH ROLL

McGraw Funeral Services.

Funeral services for Earl W. McGraw, 42 years old, who died yesterday in his home, 418 1-2 Grove alley, will be held at 2 o'clock tomorrow afternoon in the home of his parents, Mr. and Mrs. Charles McGraw, 317 Elm street, in charge of Rev. B. R. Johnson, pastor of the First Church of Christ. Burial will be made in the United Presbyterian cemetery, Calcutta.

He leaves his widow and the following children: Gerald, Charles, William, Laura Bell, Margaret, Ethel and Lillian.

OHIO WOMAN RELIEVED PRAISES HOME REMEDY

Gives Splendid Testimonial Following Quick and Painless Results

"I feel that I owe you a letter to tell you the good I have received from your medicine. I could not eat without pain and sour stomach and could not sleep because of gas on my stomach. I suffered and starved until I was thin. After taking five boxes of Dr. Jackson's Powder I feel like a new person. I can eat anything I want and it does not hurt me. I believe Dr. Jackson's Powder has done for me what doctors could not do. Mrs. Emma Vanhoose, Woodstock, Ohio."

Dr. Jackson's Digestive and Liver Powder is a pleasant, safe and inexpensive home remedy for stomach disorders. Sold by most good druggists. Write for free sample. The Jackson Medicine Co., Dept. B, Zanesville, Ohio.

An Old-fashioned CHALLENGE to Combat

TIME and again, Zenith has published this unwavering challenge to the world of radio:

"Under identical circumstances and conditions, and taking our various models in their proper grade, we challenge any make of radio receiver to equal or surpass Zenith performance in quality or quantity of tone; selectivity; sensitivity; distance; ease of operation; precision of manufacture and general all around performance."

The challenge stands today as it has stood from the beginning—so long as Zenith makes radio it will be the best radio. Zenith is the only radio set that McMillan would take to the Arctic.

Zenith is the holder of the world's long distance record—Japan to New Jersey.

Zenith has been first in most of the important developments in radio—25 original mechanical and electric achievements that have revolutionized radio.

That is why Zenith is the most logical choice in radio.

Model 11. The famous Zenith 6-tube chassis in a beautifully finished cabinet. Price, battery operated, \$110. Electrically operated, \$175.

ZENITH RADIO

16 Models—3 different circuits—6, 8 and 10 Tubes—Loop, antenna or antennaeless, Battery or Electric—\$100 to \$2500

WASHINGTON, Oct. 12.—To say that the average politician, with a campaign coming on, wants the subject of prohibition left strictly alone, surely can't be interpreted as implying bias either way. Everybody must have noticed it.

SEYMOUR LOWMAN

That being agreed, I do say so. The average politician is as afraid of prohibition as he is of smallpox.

All politicians aren't average. A few are dead sure their constituencies are wet. They're manful wets. A few are dead sure theirs are dry. They're courageous dries. About 75 per cent are doubtful. When anybody mentions prohibition, their reactions are the same as the reactions of a man who can't swim when some crazy dub rocks the boat.

Imagine the average politician's feelings, then, when Seymour Lowman took over Dry Czar Andrews' job some time ago, and immediately set up a loud prohibition cackle, which the press proceeded to broadcast for all it was worth.

Now we turn to the subject of the tariff row between this country and France.

France, it will be recalled, recently boosted her duties on certain goods she'd previously been importing from us. It was an evident jab at America.

For we were the only folks the increase applied to. It amounted to an invitation to England, Germany and others to compete us out of the French market.

The state department protested to the Paris government.

"If you'll make some tariff reductions for our benefit," rejoined the Paris government, "we'll make some for yours. We believe in reciprocity all right."

"Much to our regret," explained the state department, "the American tariff system doesn't permit reciprocity. We treat all alike."

That was the nub of our argument. "We can't reciprocate under our law—we treat all alike." If the French could punch any holes in that proposition, they'd have us foul; but we reckoned they couldn't do it.

Generally speaking, the state department was quite right, but there are a few commodities to which we apply the countervailing principle. That is, if others make tariff concessions to us on those few particular lines, we return the compliment. If others advance their rates against us, we advance ours against them.

It sounds a bit like reciprocity, but there are not enough such commodities to signify much—about a dozen. The state department had forgotten all about them.

Trust Seymour Lowman not to forget!

As assistant secretary of the treasury, it's his job to look after those "countervailing" duties, as well as to enforce the dry law.

Without notifying anybody in advance, he issued the necessary order making the prescribed "countervailing" tariff increases against France. He was technically correct, but what a time for it!

Moreover, mindful that here was a topic he could discuss, "The American policy is reciprocity," he announced, "and this is it. They go down, we go down. They go up we go up."

Now it's France's turn.

The old fashioned minstrel show has gone completely out of date, and maybe it was because it didn't carry any sex appeal.—Kenton News Republican.

OVER 21 MILLION JARS USED YEARLY

the matter with the government. We need a lot of repealing of old laws, a lot of observance of some good ones, and few new ones of any kind.

WHAT ARE ADULTS?

"Growing up" has mostly to do with the body. There is not yet much "growing up" in the mind. A few days ago 145,000 men and women gathered in a big playground in Chicago for the fun of seeing two grown men fight each other with their fists. There were few children present. That is to say there were few children present as far as bodily indications showed. But those men and women were not grown up (the writer of this column was there too) they were just children playing. They were so-called adults doing what they would like to be doing most of the time—playing, yelling, pounding each other on the back, acting like the barbarians which we really love to be. This serious world is rather too much for us. We seek to escape it as often as we can. Our ancestors were first animals, then barbarians, then children. Within us we are all three.

INSTINCT

By reason of his prehistoric inheritance man is still mostly a creature of instinct. He has developed a bit of a mind and a few rational ideas. With those rational ideas he has built himself a conventional world to live in. But now that he has it, he doesn't like his conventional world. If you don't believe it, check up on yourself. Which would you rather do—go north in the summer time, let your whiskers grow, fish, hunt, and have a bully good time, or stay home and read the story of philosophy?

Yes, men are vain, just as the president of the Photographers' Association of America says they are. You never saw a man showing a picture of himself in a bathing suit.—Freemont Messenger.

The Way of the World

BY GROVE PATTERSON

TOO MANY LAWS

An old Roman by the name of Tacitus used to say that "when the state is most corrupt then are laws most multiplied." In other words it's no sign we have good government in state or nation because we make so many laws. It's a sign there are many things the matter with the individual. And when there are things the matter with the individual there are things

It is the man who says mad backwards when he isn't mad who is 'tore-some'.—Bellefontaine Examiner.

KEEP STOMACH YOUNG!

Eat What You Want

When the food you eat goes into your acid-soaked stomach, it sours and can't digest, makes foul gas and sour bile. The blood takes these poisons; acids and carries them through the body. Naturally it makes you miserable and despondent, because your system is not nourished—you lose weight.

Pape's Diapepsin dissolves the acids and sweetens the stomach. It digests the food; no more sour bile is taken up by the blood. Your appetite is like a youngster's again, and gradually you get back your health, flesh and energy.

Chew a tablet or two of Pape's Diapepsin after meals. It tastes good, and relieves the misery of indigestion in five minutes. It will keep your stomach young and vigorous so you can eat anything you want without being afraid of the consequences.

Beauty in Radio

that charms the eye as well as the ear. PATTERNED after an Old World jewel case, the Abbey is a new idea in radio—a combination of beauty in tone with beauty in cabinet work. A receiver of rich and resonant tone, in furniture of authentic and permanent beauty.

FARM BUREAU DRIVE PLANNED

Campaign Plans Will be Discussed at Meeting Thursday.

The membership and organization committee of the Columbiana County Farm Bureau has arranged for a membership campaign to be conducted this fall. Rallies will be held in most of the townships and the team workers will meet for a county rally some evening near the first of November. The soliciting will be done following the county rally. A small prospect list has been made up and the workers will call upon each of these prospects. Many of the prospects were to have been seen last spring but because of bad roads the work was not completed in the regular membership campaign. The board of directors will meet on Thursday night to discuss campaign plans and other important business matters.

Township rallies have been scheduled as follows: Friday night, October 14, West township at East Rochester, Roger Snyder of Canton, speaker; Tuesday night, October 18, Franklin township at Millport school house, D. F. Hahn and L. B. Whinnery, speakers; a play will also be given at this meeting by members of the Hanover township farm bureau, Wednesday night, October 19, Butler township at Winona, C. J. Halverstadt, speaker; Thursday night, October 20, Knox township at No. 6 school house, Roger Snyder of Canton, speaker; Friday night, October 21, Salem township at Fairfield school house, D. F. Hahn, speaker; Saturday night, October 22, Hanover township at Buzzard's Glory school house, Stanley G. Howard, speaker.

Meetings will also be scheduled in Unity, Fairfield, Elkrum, Madison, Center and Wayne townships.

Decree Handed Down.
A decree of partition has been handed down by the court in the case of Irene S. Gorbey against Howard H. Huston and others, an action filed August 11 last. The commissioners appointed in this action are Benjamin Huston, John E. Baker and Henry Williamson.

THREE MARRIAGE LICENSES ISSUED

A marriage license has been issued to Lloyd Lewis of Elkton and Miss Grace Jackson of East Liverpool, daughter of Mr. and Mrs. Frank Jackson. They were married at Lisbon by Justice M. K. Zimmerman.

Christ Stergin, of East Palestine, a native of Serbia, and Lillian Cummins, also of East Palestine, daughter of Mr. and Mrs. Frank Jackson, obtained a marriage license.

L. C. Chatin, a merchant at East Palestine and previously married, and Miss Margaret C. Failor, daughter of Mr. and Mrs. John Failor, also of East Palestine, were granted a marriage license. They were married at East Palestine by the Rev. Williams.

SECOND CITATION IN CONTEMPT CASE

A second citation has been issued in common pleas court against Clyde Keim for him to show cause why he should not be punished for contempt of court. Keim is to appear before Judge W. F. Lones Friday morning.

Stella Keim, through her next friend, Ida Pugh, filed an action in divorce against her husband, seeking a decree, alimony and restoration to her maiden name May 18th last. In June the court issued an order directing Keim to pay his wife \$50 temporary alimony, and then also \$15 per month for her support during the pendency of the suit.

ARMISTICE DAY PROGRAM HERE

An all-day and evening celebration is being planned at Lisbon for Armistice Day by John Welch post, American Legion. A parade is being arranged for the noon hour, following which a sports program is being arranged. A Mardi Gras is planned for the evening, at which time an automobile and a treasure chest will be given away.

Strut planes will be flying over Center township during the day, and a balloon ascension is also being arranged for. A midway will be arranged about the public square. A mammoth public dance at the Rolloway has been determined upon as the closing event of the day.

WOMEN TO ENROLL IN FOOD PROJECT

More than 1,000 farm women of Columbiana county are expected to enroll in the nutrition project known as "Vegetable Cookery," which is being sponsored in the county this fall by the extension service according to County Agent Floyd Lower of Lisbon who has charge of organizing the work.

The purpose of the project is not to teach people how to cook but to teach the relation of food to health and to teach better food habits for children, he says. It includes a study of selection of vegetables and their preparation to best preserve the essential food elements.

Miss Alma Garvin, nutrition specialist of Ohio State university, will lead the discussion at two all day meetings of leaders who will carry the work back to their respective townships. The first meeting will be held at Lisbon on November 9th. It is expected that every township will be represented.

Suit To Recover.
Through her counsel, George L. Laferty, Susana Gibson has filed an action in common pleas court to recover \$1,117.01 claimed to be owed her by John H. Hinchliffe and others on a note for \$1,200 given January 19, 1920.

Partition Action.
An action in partition has been filed in court by Willard E. Lynn by his counsel, Walter W. Beck, of Lisbon, against Alberta Lynn and four other heirs of Margaret Lynn, for the partitioning of real estate. The property sought to be divided consists of three tracts in section 10, Franklin township, consisting of 102.03 acres.

New Waterford

Mr. and Mrs. George Bretz, of Niles, were Sunday guests of his parents, Mr. and Mrs. J. W. Bretz.

Mr. and Mrs. James Watson and Mr. and Mrs. Albert Hacker and son Walter, were entertained in the home of Clark Hayes in East Palestine.

There will be a musical entertainment in the M. E. church October 21.

"Have Found None

To Equal It"

Beauty protection is just as important as beauty improvement. That is why so many girls and women endorse the beneficial and beautifying effects of Black and White peroxide (Vanishing) Cream.

A beautiful skin deserves daily protection from sun, wind and dust; and thousands of girls like pretty Mae Buckley of Brooklyn, N. Y., have found that protection in Black and White Peroxide (Vanishing) Cream.

"It is a wonderful protection from the drying effects of sun and wind," says Buckley, "and is most soothing to the skin. I have found none to equal it."

This dainty, greaseless cream whitens and refines the skin, keeps out dust and impurities and provides a delightful base for your face powder.

Black and White Beauty Creations are of a quality acceptable to those who seek the best, at prices within the reach of all—25c and 50c.

That 4-hour morning grind! How do you prepare for it?

Between 8:30 and 12:30 the important work of the world is done—in offices, schools and homes. A breakfast that "stands by" you is a real need!

Workers who are keen, alert and energetic all through the morning have an immense advantage. Because nation-wide investigations among big business organizations (public utility plants, wholesale houses, and many others) show that 70% of the world's important work is compressed into the four morning hours.

To carry you through these top-speed, high-pressure hours, you must have a good, sustaining breakfast. A breakfast of balanced nourishment, to provide quickly-available, long-lasting energy.

Because it "stands by" you

through the morning a breakfast of Mother's Oats makes a real difference in how you feel during your most important working period. Oatmeal provides energy and tissue-building materials in better proportion than any other cereal. It is rich in minerals, too—and vitamins—and tender bran, so valuable for roughage. For flavor, Quick Mother's Oats has been the choice of critical families for over fifty years. Skill in milling made the difference.

Start tomorrow to have Quick Mother's Oats breakfasts for a week. See how much longer your morning vigor is sustained!

Quick Mother's Oats

Highs Show Snap In Workouts For East Palestine Contest

HURST DEVELOPING GLOOMY GIL NEW AERIAL PLAYS Chants His Song of Woe

Offense Tactics Improve in Week's Practice Maneuvers; Deems Still Out; New Backfield Performer Shows Promise.

With the "cripples" coming along as rapidly as possible, the discovery of a new backfield runner of considerable promise, air tactics meeting the desires of Coach Joe Hurst and the squad as a whole snapping into practice workouts with unusual spirit and energy, the Blue and White football squad is driving ahead through this week's drills with a zest and vigor that should carry them to a decisive victory over East Palestine in their next game Saturday.

RUTH HITS THREE IN EXHIBITION

TRENTON, N. J., Oct. 12.—Babe Ruth and Lou Gehrig of the world champion New York Yankees, opened their exhibition barnstorming tour here yesterday, playing with a select Trenton team against the Brooklyn Royal Giants. Before a large crowd Ruth hit three homers. Gehrig got a double and a single out of four times at bat.

After Ruth's third homer, in the eighth, the game was called with the score 9 to 4 in Trenton's favor, as officials found difficulty in clearing enthusiastic spectators from the field.

THURSTON SENT TO COAST LEAGUE

WASHINGTON, Oct. 12.—Herb Thurston, pitcher, obtained by the Chicago White Sox last winter, has been sold to the San Francisco club of the Pacific Coast league.

President Griffith, of the Nationals, in announcing the sale, did not mention the price. Thurston's record with the local club the past season was 13 victories and 13 defeats in 29 games.

KAPLAN VICTOR OVER TOM CELLO

NEW YORK, Oct. 12.—Louis Kid Kaplan, one time champion of the featherweights, defeated Tommy Cello, California, in 10 rounds in the main event at St. Nicholas arena last night.

Ed Tiernan, of Astoria and Willie Feldman of the Eastside fought a 10-round draw. Harry Faherty of the Westside and Johnny Shea of Hazleton, Pa., opened the show in a four-round draw.

Fight Results

AT NEW YORK—Louis Kid Kaplan, former featherweight champion, won decision over Tommy Cello, California, lightweight, 10 rounds.

Happy Atherton, Indianapolis heavyweight, won decision over Rooter Parra, champion of Chile, 10 rounds.

Johnny Shea, Hazleton, Pa., drew with Harry Faherty, New York, four rounds.

AT BERLIN—Franz Diener won heavyweight championship of Germany by gaining 15 round decision over Rudi Wagner.

AT PORTLAND, Me.—Eddie Adams, Rosbury, Mass., won newspaper decision over Laddie Lee, Portland, 12 rounds.

AT KANSAS CITY—Sammy Mandell, world's lightweight champion, won newspaper decision over Joe Trabon, Kansas City, 10 rounds.

Scrimmage for Badgers.
MADISON, Wis., Oct. 12.—Coach Glenn Thistlethwaite today ordered his football squad for a hard scrimmage, in which the regulars will be pitted against the freshman team using tactics employed by the University of Michigan squad. The Badgers and Wolverines meet in their first conference game this year next Saturday. A few new offense tactics are also to be tried out.

Stars in Lineup.
EVANSTON, Ill., Oct. 12.—As predicted, Coach Handley will not permit his resentment over the listless playing of some of his stars in Northwestern's game with Utah last Saturday to keep them out of the regular lineup in the important conference game three days from today with Ohio State. The backfield will probably be composed of Capt. Gustafson and Holmer at half back positions, Levison at quarter and Lewis at fullback.

Tackles Get Workout.
CHAMPAIGN, Ill., Oct. 12.—Coach Bob Zupke has been experimenting again with the Illinois tackles, and today had Butch Nowack, tried first at fullback, back on the firing line, with Muzge at the opposite side. Gordon and Burdick, sophomore tackles took places on the second string team. The men were in for some hard practice in preparation for the game next Saturday with Iowa.

"Cornell Punk," Says
Dobie; But he Can't
Fool Rivals.

ITHACA, N. Y., Oct. 12.—Gilmour Dobie, Cornell's gloomy Scot, is digging pitfalls all over the heights above Cayu's Waters again.

Just as certain as the football season rolls around, so does one find Dobie broadcasting the sad tidings that his material is wretched and his team worse. These gloomy forebodings are for the purpose of building up a superiority complex on the part of the opposition, a complex that is better termed overconfidence, with the result that Dobie's team have had a disconcerting way of emerging from their where to topple over their supposed superiors.

This year seems to be no different from any of the others insofar as Dobie's technique is concerned but Bill Roper, Charley Crowley, Jess Haxley and Lou Young are not inclined to lend even half an ear to his plaints. They know that their time will be better spent in devising ways and means to stop the young man who has been so dexterously into the places left vacant by the departing team.

Ithaca of Mohel, that big backfield siege gun, Carey and Minns, the best guards the big Red team has had in years; Rapano, the huge Cuban center, and the others who made trouble up and down the line from Philadelphia to Ithaca and Hanover last year.

Loses Stars.
There is no doubt that Dobie has lost a lot of immensely potent playing strength since that 19 to 16 game with Pennsylvania on Franklin field last Thanksgiving. In addition to those already named, Sam Evans, at tackle and Islay, Butterfield and Ganser of the backfield have gone their respective roads. But all is not lost.

Cornell may not have as powerful a backfield this season as in years gone by, for there is no evidence of the presence of a Pfann or Kaw in the squad. But the Ithacans will more than make up in their line and especially in their wings the deficit that may be found behind the forward wall. Dobie has a pair of very fine ends in Scholes and Schumacher with a trio of excellent under-studies in Wickham, Schrock and Wramplemeier.

Line Up To Standard.
From tackle to tackle the line is apparently quite up to the Cornell standard, although Dobie has faced a big problem in developing a center trio of the strength and versatility of the Carey-Rapano-Munns combination. Keen, who substituted for Rapano last season, is one of the leading candidates for the pivot place but is finding the going hard against Pomeroy who was on the freshman eleven last fall. The guards are all green and the positions are by no means decided upon yet. Keller, who was in the varsity squad last season, Richards and Towson, of the freshman eleven, Steinberg, Keller, Worden, Waterbury and Vincent have all been tried at one time or another with the choice apparently being among Steinberg and Waterbury, and Vincent and Keller.

Heavy and Fast.
Anderson, a regular last year, is the only veteran in the line between the ends, and he is certain of a place at tackle. Wakeman, Pyle, Freeborn, Parker and Levy are the group from among whom the second regular is to be selected, and the mantle for the time being has fallen on Wakeman. This new Cornell line is heavy and fast, and with faster ends than usual, probably will give the Ithacans quite an advantage over any team that it faces.

Balderson at quarterback is a veteran back, well schooled in Dobie's off tackle plays and the same is true of Capt. Hoekelman, and Beck, Scott, who is being used at fullback, is from the freshman team of a year ago. In addition Dobie has a second quartet in Hart, Bristol, Sinclair and Dietrick, all of whom look like good men. On the whole Dobie is well equipped both before and after while Cornell may not be a world beater in action, it has somewhat better than a good average team.

BOLES COUNTING ON HARD CONTEST

WOOSTER, O., Oct. 12.—Wooster college's football team is expecting a hard game with Heidelberg Saturday when Coach Boles takes his men to Tiffin for their first trip of the 1927 season. It will be the first game between Wooster and Heidelberg since 1918 when Wooster won, 7 to 0.

Boles will stress his defense in the final practice sessions and has also been attempting to improve his forward pass attack. With two passers of the ability of Blough and Lehman, the coach believes that more passes should connect.

32 NAGS RUN IN BRITISH STAKES

NEW MARKET, England, Oct. 12.—Thirty-two horses were expected to go to the post today when the classic race for the Cesarewitch stakes began at 3 o'clock.

A Washington Singer's American born entry, "Masked Rider," was the prime favorite at 7 to 1.

Other American owners represented in the race will be A. K. Macomber and Ogden Mills with his entry, "Burlington Arcade."

King George and Queen Mary are expected to witness the race.

Duel of Backfield Stars.
BLUFFTON.—A spectacular duel between two backfield luminaries is anticipated when Bluffton and Cedarville college eleven clash here Saturday afternoon. Leading Cedarville attack will be Capt. Adair, quarterback and triple threat man who, besides serving as field general, does the punting and passing for his team, as well as his share of carrying the ball. To offset Adair's performance, Coach A. C. "Zig" Burcky, Bluffton mentor, will use his ace, V. Conrad, fullback and one of the fastest men in the Little Five Conference of northwestern Ohio.

Phil Goldstein Wins.
JERSEY CITY, N. J., Oct. 12.—Phil Goldstein of Pittsburgh won the newspaper decision over Louis Gagliemini of New York in a 10-round bout here. Goldstein won every round. Goldstein weighed 130 pounds and Gagliemini weighed 128 pounds.

O. N. U. Tries New Plays.
ADA.—Coach Meredith experimented with new plays in scrimmages at Ohio Northern in preparation for the Baldwin-Wallace battle at Berea. The squad is expected to be in perfect condition for the contest.

MOST VALUABLE

LOU GEHRIG

State Uses Passes.

COLUMBUS, O., Oct. 12.—That the forward pass will be a dominating factor in the game between the Buckeyes and Northwestern university, which is being played here today, was indicated by the drilling ordered to day for Ohio State athletes by head Coach Wilce. A strong running attack will also be used against the visitors, for which Mares and Cary will be used to hit the opposition line.

Stagg Confident.

CHICAGO, Oct. 12.—With only three more days to go before the game with Purdue's fighting Boilemakers, Coach Stagg called his Chicago gridders out today for an intensive drilling. That the reports of his "feared of Purdue" have been grossly exaggerated was indicated when the gray-haired Marion leader expressed the opinion that his men, bolstered by their victory over Indiana last Saturday, may even trim the redoubtable eleven from Lafayette, Ind.

Purdue Crippled.

LAFAYETTE, Ind., Oct. 12.—Four of Purdue's fighting Boilemakers were on the injured list today as Coach James Pheasant called the men out for practice. The four are Leibel, who played right half back in the game against Harvard, Ramby, Caraway, and Capt. Wilcox, main cog of the team. Purdue's defense is being specially drilled in preparation for the game with Chicago next Saturday.

Joesting Still Idle.

MINNEAPOLIS, Minn., Oct. 12.—Wayne Kakela, Minnesota center, was to be given another trial today at tackle. Nagurski's transfer to right end makes it essential that a strong end man be developed. While Herb Joesting star of the team and all-American player, continued to nurse his injuries on the sidelines, he has been allowed to take part in signal drill. He will not be used in the game with Indiana next Saturday.

Satisfied With Line.

BLOOMINGTON, Ind., Oct. 12.—Coach Pat Page expressed his satisfaction here today with the forward

PICK LARRUPIN' LOU AS "MOST VALUABLE"

Gehrig Wins American League Honors With 56 Points Out of Possible 64; Heilmann is Second.

CHICAGO, Oct. 12.—Lou Gehrig, one-time Brooklyn high school player, now one of the biggest stars of the New York American League world's champions, last night was proclaimed the most valuable player in the American loop for the 1927 season.

Selection of Gehrig, who gave Babe Ruth a sizzling battle for home run honors and finished with a total of 57, more than any other player in baseball history with the exception of the Bambino himself, was made by a committee of baseball writers comprising the cities of the league. All but one of the first choice votes were given to Gehrig who won the coveted honors with 56 points out of a possible 64.

Heilmann Second.

Gehrig's nearest competitors for the honors were Harry Heilmann, Detroit outfielder, and 1927 batting champion of the American league, and Ted Lyons, star pitcher with the Chicago White Sox. Heilmann had 35 points while 34 went to Lyons.

The only dissenting vote was cast for Tony Lazzeri, as the most valuable player to the Yankees, while all the others chose "Columbia Lou," not only as the most valuable player to Miller Huggins, manager of the Yankees, but the greatest in the league. Twenty-five players were named in this year's competition.

President Ban Johnson of the American league, in announcing the results of the balloting, praised Gehrig as a great example for the youth of today. "Gehrig causes umpires to tremble," President Johnson said, "tends strictly to business and has always given his club his best efforts."

Gehrig, finishing third in the balloting list of leading American league hitters, closed the season with the honor of driving in more runs than any other player in the league. In 154 games Gehrig was at bat 554 times. He made 218 hits for a total of 427 bases. These included 52 doubles, 18 triples and his 47 homers. He drove in 175 runs, averaging better than a run a game. Gehrig is regarded as a "natural" ball player. He is a fine, steady fielder but his terrific hitting was the important thing in his favor in compiling the vote of the committee in his favor.

Born in New York.

Gehrig, born in New York June 19, 1903, began his baseball career with the Brooklyn high school. He joined the Yankees in 1925 and later was sent to Hartford. He returned to the New York club the following year in time to play in the last 10 games of the 1924 season. When the veteran Wally Pipp retired, Gehrig, who had been Pipp's understudy, became the guardian of first base.

AT LOS ANGELES—Armand Emmon, Pacific coast heavyweight, knocked out Walter Huffman in the ninth round.

Armando Schakels, outpointed Mike Walters in six rounds.

SEIFERT BEATEN BY EMMET ROCCO

YOUNGSTOWN, Oct. 12.—Emmet Rocco, Ellwood City heavyweight, climbed another notch towards stardom by outpointing Sandy Seifert, Pittsburgh, in a 10 round bout that was a slugfest all the way. Sandy's fine physical condition was all that saved him from a knockout. Except for the fifth and seventh rounds, which were Seifert's, Rocco had a decisive edge in the other eight.

Pete Canal, local featherweight, outpointed Pete Stahura, Pittsburgh, in six rounds. Jackie Powers, local bantam, stopped Young Lawrence, New Castle, in one round.

BOBCATS TO PLAY WAYNESBURGERS

BUCKHANNON, W. Va., Oct. 12.—In entertaining Waynesburg college on the home field this coming week-end, West Virginia Wesleyan faces one of the most powerful eleven in the Tri-State district, both in weight and ability. A team that can hold Andy Kerr's W. & J. Presidents to a pair of touchdowns in the opening game can be classed as a first rate eleven, and Easterday has that at his Pennsylvania institution.

A team that will average close to 185 pounds without any superfluous weight to hold them back, and packing speed along with this weight, is something to be considered. Waynesburg will display these qualities when they invade Upshur county this coming Saturday.

This will be the second appearance of a college team in this section in the past two weeks. Wesleyan will be playing their first home attraction with this game, and it should be by far the biggest grid attraction in this territory this season.

Michigan Works Secretly.

ANN ARBOR, Mich., Oct. 12.—Secret practice was again the order for today's workout of the Michigan gridders. In fact, Coach Tad Wileman has announced that until the game with Wisconsin next Saturday, all practice daily will be "under cover." Coaches are dissatisfied with the center position, as indicated by the fact that Board has been stationed at the pivot post in place of Thistead, the veteran.

AT ST. PETERSBURG, Fla.—Jimmy Watts kayced Jackie Mason, New York, in sixth round.

EAST END

MIDLAND PASTOR AT CONFERENCE

Rev. W. J. Law, Pastor of the Midland Methodist Episcopal church, is attending the annual conference which opened today in McKeesport, Pa. Bishop Francis J. McConnell, of Pittsburgh, will preside at all the sessions which will close Monday with the appointment of pastors.

Choir rehearsals will be held tomorrow night in several of the churches in this section. Mid week prayer services will be held tonight at the usual hours with the respective pastors in charge of the devotionals.

Visiting Parents Here.
Mr. and Mrs. J. A. Cawthorne and son, James Demio, are visiting with the latter's parents, Mr. and Mrs. John Michaels, of Klondyke.

Odd Fellows to Meet.
Members of Pennova lodge, No. 880, I. O. O. F. will meet tomorrow night in the Odd Fellows temple, Mulberry street. Routine business will be transacted.

Special Services.
There will be a special meeting to night in the Church of God, West Ninth street. Sermon will be delivered by Rev. J. A. Stople.

JURORS DRAWN FOR CIVIL COURT

Number of residents of Midland and Ohio township are included in the list of jurors drawn yesterday to serve at the special November term of the Beaver county civil court which will open on Monday, November 21. Sessions will continue through the following week.

Large number of cases are on the court docket for disposal.
That this year's American invasion of England was 20 per cent larger than that of last season, is the estimate of a leading London hotel proprietor.

Highs Show Snap In Workouts For East Palestine Contest

HURST DEVELOPING Gloomy Gil NEW AERIAL PLAYS Chants His Song of Woe

Offense Tactics Improve in Week's Practice Maneuvers; Deems Still Out; New Backfield Performer Shows Promise.

With the "cripples" coming along as rapidly as possible, the discovery of a new backfield runner of considerable promise, air tactics meeting the desires of Coach Joe Hurst and the squad as a whole snapping into practice workouts with unusual spirit and energy, the Blue and White football squad is driving ahead through this week's drills with a zest and vigor that should carry them to a decisive victory over East Palestine in their next game Saturday.

RUTH HITS THREE IN EXHIBITION

TRENTON, N. J., Oct. 12.—Baby Ruth and Lou Gehrig of the world champion New York Americans, opened their exhibition barnstorming tour here yesterday, playing with a selected Trenton team against the Brooklyn Royal Giants. Before a large crowd Ruth hit three homers. Gehrig got a double and a single out of four times at bat.

After Ruth's third homer, in the eighth, the game was called with the score 9 to 4 in Trenton's favor, as officials found difficulty in clearing enthusiastic spectators from the field.

THURSTON SENT TO COAST LEAGUE

WASHINGTON, Oct. 12.—Herb Thurston, pitcher, obtained by the Washington Senators from the Chicago White Sox last winter, has been sold to the San Francisco club of the Pacific Coast league.

President Griffith, of the Nationals, in announcing the sale, did not mention the price. Thurston's record with the local club the past season was 13 victories and 13 defeats in 29 games.

KAPLAN VICTOR OVER TOM CELLO

NEW YORK, Oct. 12.—Louis Kid Kaplan, one time champion of the featherweights, defeated Tommy Cello, a Californian, in 10 rounds in the main event at St. Nicholas arena last night.

Ed Tiernan of Astoria and Willie Feldman of the Eastside fought a 10-round draw. Harry Faherty of the Westside and Johnny Shea of Hazleton, Pa., opened the show in a four-round draw.

Fight Results

AT NEW YORK.—Louis Kid Kaplan, former featherweight champion, won decision over Tommy Cello, Californian, lightweight, 10 rounds.

Happy Atherton, Indianapolis, lightweight, won decision over Roster Parra, champion of Chile, 10 rounds.

Johnny Shea, Hazleton, Pa., drew with Harry Flaherty, New York, four rounds.

AT BERLIN.—Franz Diener won heavyweight championship of Germany by gaining 15 round decision over Rudolf Wagner.

AT PORTLAND, Me.—Eddie Adams, Rosbury, Mass., won newspaper decision over Laddie Lee, Portland, 12 rounds.

AT KANSAS CITY.—Sammy Mandell, Kansas City's lightweight champion, won newspaper decision over Joe Trubon, Kansas City, 10 rounds.

Scrimmage for Badgers. MADISON, Wis., Oct. 12.—Coach Edna Thistlethwaite today ordered his football squad for a hard scrimmage, in which the regulars will be pitted against the freshman team using tactics employed by the University of Michigan squad. The Badgers and Wolverines meet in their first conference game this year next Saturday. A few new offense tactics are also to be tried out.

Stars in Lineup. EVANSTON, Ill., Oct. 12.—As predicted, Coach Hendley will not permit his resentment over the listless playing of some of his stars in Northwestern's game with Utah last Saturday to keep them out of the regular lineup in the important conference game three days from today with Ohio State. The backfield will probably be composed of Capt. Gustafson and Holmer at quarter and Lewis at fullback.

Tackles Get Workout. CHAMPAIGN, Ill., Oct. 12.—Coach Bob Zupke has been experimenting again with the Illinois tackles, and today had Butch Nowack, tried first at fullback, back on the firing line, with Muzge at the opposite side. Gordon and Burdick, sophomore tackles took places on the second string team. The men were in for some hard practice in preparation for the game next Saturday with Iowa.

Phil Goldstein Wins. JERSEY CITY, N. J., Oct. 12.—Phil Goldstein of Pittsburgh won the newspaper decision over Luis Gugliemini of New York in a 10-round bout here. Goldstein won every round. Goldstein weighed 130 pounds and Gugliemini weighed 128 pounds.

O. N. U. Tries New Plays. ADA.—Coach Meredith experimented with new plays in scrimmage at the Baldwin-Wallace battle at Berea. The squad is expected to be in perfect condition for the contest.

"Cornell Punk," Says Dobie; But he Can't Fool Rivals.

ITHACA, N. Y., Oct. 12.—Gilmour Dobie, Cornell's gloomy Scot, is digging pitfalls all over the heights above Cayu's Waters again.

Just as certain as the football season rolls around, so does one find Dobie broadcasting the sad tidings that his material is wretched and his team worse. These gloomy forebodings are for the purpose of building up a superiority complex on the part of the opposition, a complex that is better termed overconfidence, with the result that Dobie's team have had a discouraging way of emerging from nowhere to topple over their supposed superiors.

This year seems to be no different from any of the others insofar as Dobie's technique is concerned but Bill Roper, Charley Crowley, Jess Haxley and Lou Young are not inclined to lend even half an ear to his plaints. They know that their time will be better spent in devising ways and means to stop the young men whom Dobie has flattered so delectuously into the places left vacant by the departure from Ithaca of Molinet, that big backfield siege gun; Carey and Minns, the best guards the big Red team has had in years; Rapano, the huge Cuban center, and the others who made trouble up and down the line from Philadelphia to Ithaca and Hanover last year.

There is no doubt that Dobie has lost a lot of immensely potent playing strength since that 10 to 10 tie game with Pennsylvania on Franklin field last Thanksgiving. In addition to those already named, Sam Evans, a tackle and Islay, Butterfield and Giesner of the backfield have gone their respective roads. But all is not lost. Cornell may not have as powerful a backfield this season as in years gone by, for there is no evidence of the presence of a Flann or Kaw in the squad. But the Ithacans will more than make up in their line and especially in their wings the deficit that will be found behind the forward wall. Dobie has a pair of very fine ends in Scholes and Schumacher with a trio of excellent understudies in Wickham, Schreck and Wramplemeier.

Line Up To Standard. From tackle to tackle the line is apparently quite up to the Cornell standard, although Dobie has faced a big problem in developing a center trio of the strength and versatility of the Carey-Rapano-Munns combination. Keen, who substituted for Rapano last season, is one of the leading candidates for the pivot place but he is finding the going hard against Pomeroy who was on the freshman eleven last fall. The guards are all green and the positions are by no means decided upon yet. Keller, who was in the varsity squad last season, Richards and Towson, of the freshman eleven, Steinberg, Keller, Worden, Waterbury and Vincent have all been tried at one time or another with the choice apparently being among Steinberg and Waterbury, and Vincent and Keller.

Heavy and Fast. Anderson, a regular last year, is the only veteran in the line between the ends, and he is certain of a place at tackle. Wakeman, Pyle, Freeborn, Parker and Levy are the group from among whom the second regular is to be selected, and the mantle for the time being has fallen on Wakeman. This new Cornell line is heavy and fast, and with faster ends than usual, probably will give the Ithacans quite an advantage over any team that it faces.

Balderson at quarterback is a veteran back, well schooled in Dobie's off tackle plays and the same is true of Capt. Hoekelman, and Beck, Scott, who is being used at fullback, is from the freshman team of a year ago. In addition Dobie has a second quarter in Hart, Bristol, Sinclair and Dietrick, all of whom look like good men. On the whole Dobie is well equipped both before and after while Cornell may not be a world beater in action, it has somewhat better than a good average team.

32 NAGS RUN IN BRITISH STAKES. NEW MARKET, England, Oct. 12.—Thirty-two horses were expected to go to the post today when the classic race for the Cesarewitch stakes begins at 3 o'clock.

A Washington Singer's American born entry, "Masked Rider," was the prime favorite at 7 to 1.

Other American owners represented in the race will be A. K. Macomber and Ogden Mills with his entry, "Burlington Arcade."

King George and Queen Mary are expected to witness the race.

Duel of Backfield Stars. BLUFFTON.—A spectacular duel between two backfield luminaries is anticipated when Bluffton and Cedarville college eleven clash here Saturday afternoon. Leading Cedarville's attack will be Capt. Adair, quarterback and triple threat man who, besides serving as field general, does the punting and passing for his team, as well as his share of carrying the ball. To offset Adair's performance, Coach A. C. "Zig" Burcky, Bluffton mentor, will use his ace, V. Conrad, fullback and one of the fastest men in the Little Five Conference of northwestern Ohio.

Phil Goldstein Wins. JERSEY CITY, N. J., Oct. 12.—Phil Goldstein of Pittsburgh won the newspaper decision over Luis Gugliemini of New York in a 10-round bout here. Goldstein won every round. Goldstein weighed 130 pounds and Gugliemini weighed 128 pounds.

O. N. U. Tries New Plays. ADA.—Coach Meredith experimented with new plays in scrimmage at the Baldwin-Wallace battle at Berea. The squad is expected to be in perfect condition for the contest.

MOST VALUABLE

LOU GEHRIG

State Ussas Passes.

COLUMBUS, O., Oct. 12.—That the forward pass will be a dominating factor in the game between the Buckeyes and Northwestern university's wildcats here this coming Saturday was indicated by the drilling ordered today for Ohio State athletes by head Coach Wilce. A strong running attack will also be used against the visitors, for which Marsh and Cory will be used to hit the opposition line.

Stagg Confident.

CHICAGO, Oct. 12.—With only three more days to go before the game with Purdue's fighting Boilemakers, Coach Stagg called his Chicago gridders out today for an intensive drilling. That the reports of last season, Culley and Grimm, sub ends, all were due to a hard drill. A long scrimmage against the freshman team was on the cards for the regulars.

Purdue Crippled.

LAFAYETTE, Ind., Oct. 12.—Four of Purdue's fighting Boilemakers were on the injured list today as Coach James Pheasant called the men out for practice. The four are Leitch, who played right half back in the game against Harvard, Romby, Caraway, and Capt. Wilcox, main cog of the team. Purdue's defense is being specially drilled in preparation for the game with Chicago next Saturday.

Joesting Still Idle.

MINNEAPOLIS, Minn., Oct. 12.—Wayne Kakela, Minnesota center, was to be given another trial today at tackle. Nagurski's transfer to right end makes it essential that a strong end man be developed. While Herb Joesting star of the team and all-American player, continued to nurse his injuries on the sidelines, he has been allowed to take part in signal drill. He will not be used in the game with Indiana next Saturday.

Satisfied With Line.

BLOOMINGTON, Ind., Oct. 12.—Coach Pat Page expressed his satisfaction here today with the forward wall of his Hoosier team as the university of Indiana gridiron athletes were summoned for further practice in preparation for the game next Saturday with Minnesota. The slogan of the men for the present week has been "stop Herb Joesting," the Gopher star.

Hawkeye Lineup Intact.

IOWA CITY, Ia., Oct. 12.—Coach Iversen pointed his Iowa gridders here today for the game with Wabash next Saturday. No changes have been made in the Hawkeyes' lineup. Skelly, quarterback of last season, Culley and Grimm, sub ends, all were due to a hard drill. A long scrimmage against the freshman team was on the cards for the regulars.

PICK LARRUPIN' LOU AS "MOST VALUABLE"

Gehrig Wins American League Honors With 56 Points Out of Possible 64; Heilmann is Second.

CHICAGO, Oct. 12.—Lou Gehrig, one-time Brooklyn high school player, now one of the biggest stars of the New York American League world's champions, last night was proclaimed the most valuable player in the American loop for the 1927 season.

Selection of Gehrig, who gave Babe Ruth a sizzling battle for home run honors and finished with a total of 47 more than any other player in baseball history with the exception of the Bambino himself, was made by a committee of baseball writers comprising the cities of the league. All but one of the first choice votes were given to Gehrig who won the coveted honors with 56 points out of a possible 64.

Heilmann Second.

Gehrig's nearest competitors for the honors were Harry Heilmann, Detroit outfielder, and 1927 batting champion of the American league, and Ted Lyons, star pitcher with the Chicago White Sox. Heilmann had 35 points while 34 went to Lyons.

The only dissenting vote was cast for Tony Lazzeri, the most valuable player to the Yankees, while all the others chose "Columbia Lou," not only as the most valuable player to Miller Huggins, manager of the Yankees, but the greatest in the league. Twenty-five players were named in this year's competition.

President Ban Johnson of the American league, in announcing the results of the balloting, praised Gehrig as a great example for the youth of today. "Gehrig," he said, "is a trouble," President Johnson said, "tends strictly to business and has always given his club his best efforts."

Gehrig, finishing third in the balloting list of leading American league hitters, closed the season with the honor of driving in more runs than any other player in the league. In 154 games Gehrig was at bat 584 times. He made 218 hits for a total of 427 bases. These included 52 doubles, 18 triples and his 47 homers. He drove in 175 runs, averaging better than a run a game. Gehrig is regarded as a "natural" ball player. He is a fine, steady fielder but his terrific hitting was the important thing in his favor in compiling the vote of the committee in his favor.

Born in New York.

Gehrig, born in New York June 19, 1903, began his baseball career with the Brooklyn high school. He joined the Yankees in 1923 and later was sent to Hartford. He returned to the New York club the following year in time to play in the last 10 games of the 1924 season. When the veteran Wally Pion retired, Gehrig, who had been Pion's understudy, became the guardian of first base.

AT LOS ANGELES.—Armand Emanuel, Pacific coast heavyweight, knocked out Walter Huffman in the ninth round.

Armando Schakels, outpointed Mike Walters in six rounds.

SEIFERT BEATEN BY EMMET ROCCO

YOUNGSTOWN, Oct. 12.—Emmet Rocco, Ellwood City heavyweight, climbed another notch towards stardom by outpointing Sandy Seifert, Pittsburgh, in a 10 round bout that was a slugfest all the way. Sandy's fine physical condition was all that saved him from a knockout. Except for the fifth and seventh rounds, which were Seifert's, Rocco had a decisive edge in the other eight.

Pete Canal, local featherweight, outpointed Pete Stahura, Pittsburgh, in six rounds. Jackie Powers, local bantam, stopped Young Lawrence, New Castle, in one round.

BOBCATS TO PLAY WAYNESBURGERS

BUCKHANNON, W. Va., Oct. 12.—In entertaining Waynesburg college on the home field this coming week-end, West Virginia Wesleyan faces one of the most powerful eleven in the Tri-State district, both in weight and ability. A team that can hold Andy Kerr's W. & J. Presidents to a pair of touchdowns in the opening game can be classed as a first rate eleven, and Easterday has that at his Pennsylvania institution.

A team that will average close to 185 pounds without any superfluous weight to hold them back, and packing speed along with this weight, is something to be considered. Waynesburg will display these qualities when they invade Upshur county this coming Saturday.

This will be the second appearance of a college team in this section in the past two weeks. Wesleyan will be playing their first home attraction with this game, and it should be by far the biggest grid attraction in this territory this season.

Michigan Works Secretly.

ANN ARBOR, Mich., Oct. 12.—Secret practice was again the order for today's workout of the Michigan gridgers. In fact, Coach Tad Wileman has announced that until the game with Wisconsin next Saturday, all practice daily will be "under cover." Coaches are dissatisfied with the center position, as indicated by the fact that Board has been stationed at the pivot post in place of Thistead, the veteran.

AT ST. PETERSBURG, Fla.—Jimmy Watts kayeed Jackie Mason, New York, in sixth round.

More For Your Money when you buy a CHRYSLER

4 Chassis—\$725 to \$3595

To thousands upon thousands of motorists, it has become increasingly obvious that Standardized Quality takes all the guesswork out of buying a car—definitely assures the highest standards of quality and value, whatever the purchase price.

For it makes each Chrysler the beneficiary of all the pioneering in engineering design, exceptional skill in engineering, precision in manufacturing and vast resources concentrated in the development and building of all other Chrysler models. Through it, Chrysler applies refinements pioneered and developed for its cars of top price to those in lower price ranges.

All prices f. o. b. Detroit, subject to current Federal excise tax. Chrysler dealers are in position to extend the convenience of time payments. Ask about Chrysler's attractive plan.

Eleven body styles priced from \$2495 to \$3595

EAST END

MIDLAND PASTOR AT CONFERENCE

Rev. W. J. Law, pastor of the Midland Methodist Episcopal church, is attending the annual conference which opened today in McKeesport, Pa.

Bishop Francis J. McConnell, of Pittsburgh, will preside at all the sessions which will close Monday with the appointment of pastors.

Choir rehearsals will be held tomorrow night in several of the churches in this section. Mid week prayer services will be held tonight at the usual hours with the respective pastors in charge of the devotionals.

Visiting Parents Here. Mr. and Mrs. J. A. Cawthorne and son, James Demore, are visiting with the latter's parents, Mr. and Mrs. John Michaels, of Klondyke.

Odd Fellows to Meet. Members of Pennova Lodge, No. 580, I. O. O. F. will meet tomorrow night in the Odd Fellows temple, Mulberry street. Routine business will be transacted.

JURORS DRAWN FOR CIVIL COURT

Number of residents of Midland and Ohio township are included in the list of jurors drawn yesterday to serve at the special November term of the Beaver county civil court which will open on Monday, November 21. Sessions will continue through the following week.

Large number of cases are on the court docket for disposal.

That this year's American invasion of England was 20 per cent larger than that of last season, is the estimate of a leading London hotel proprietor.

Will Be the Added Attraction In the Wonderful Songs They Sing So Sweetly.

Scene from "Laff That Off," Earl Carroll's great comedy hit, to be presented by the Chicago Stock Company at the Ceramic next Monday matinee and evening, officially ushering in the 1927 dramatic season at that playhouse.

Sally's Shoulders

by BEATRICE BURTON, Author of "HER MAN," "MONEY LOU," "THE HOLLYWOOD GIRL," etc.

(Continued From Page Three)

It was 5 o'clock when they got to Trellis street, and at the corner Sally stopped and kissed her mother. "I'm going back down town for an hour or so," she said. "Mr. Peevey wasn't at the office when I left, but I wrote a note and promised to go back some time today and do his letters for him." Mrs. Jerome gazed at her with reproachful eyes. "How can you think of working at a time like this?" she sobbed. "Sally, really, sometimes I think you haven't got a heart in your body."

Sally raised her black eyebrows. "Somebody's got to keep working in this family," she answered, with a grimace worthy of Aunt Emily. "And I thank fortune that I still have my health." She did have it, she told herself, exultantly, as she swung along in the warm, hazy afternoon. No matter how long Millie was out of work, or how seldom her father's checks came through the mail, she still could make enough to keep a roof over their heads and a loaf of bread in the pantry. There never was a pain or an ache in the strong, young body, that moved with the light grace of perfect health and firm muscles.

The door of John Nye's office opened as Sally was stooping to unlock Mr. Peevey's, and Millie's assistant came out into the hall. "How do you do? Working late?" she asked, in a high nasal voice, stopping beside Sally.

She was a thin blond girl—the type

that Millie, glorying in her own gold-on coloring, called "a dirty blonde." She wore double-lensed glasses, that gave her eyes a queer, screwed-up look, and several dark strands of hair showed beneath her hat. "Dumb Daisy" was Millie's nickname for her. Millie had nothing but contempt for people who should have had her pity. She seemed to think it was their own fault that they were ugly or dull or dumpy.

"How's your sister?" she asked, and Sally told her what had happened to poor Millie.

The other girl frowned in an anxious way. "Well, that's too bad. I hope she gets along all right," she said. "I don't know what Mr. Nye will do when he gets back in the morning. You see, I'm not a stenographer. I just answer the phone and keep the files."

It was on the tip of Sally's tongue to say that John Nye would probably have to telephone an agency for someone to do Millie's work for a while.

Then she stopped, as a brilliant idea came to her.

"You tell Mr. Nye that I'll work mornings for him while my sister's sick," she told the girl. "That is, if he wants me to. He can call me up if he does."

Her only thought at the time was of serving John Nye—of helping him out. Of trying to earn the salary that she was sure he would keep on paying Millie all the time she was unable to work.

(To be continued.)

DOCTORS SAY TREATMENT RELIEVES PILES

Bleeding, Itching, Painful
Hemorrhoids Treated
Internally Now.

QUICK RELIEF FOR ALL
SUFFERING WITH PILES

"The new internal treatment in simple tablet form for various kinds of hemorrhoids and piles is wonderful," declares a well known physician. "Having suffered years myself and tried most everything, you can imagine my delight and surprise when even I secured entire relief in a few days. Best of all with the cause removed the trouble has not returned," continued Dr. Joseph M. Weller.

It is nice to know that at last, no matter how long or how severely one has suffered, and without ugly operations or nasty salves or suppositories,

various forms of itching, bleeding, painful or protruding piles can be relieved, in a simple, scientific and harmless manner. Thanks to modern chemistry a substance has been found for coating tablets which is impervious to gastric juices, passing through the stomach and then dissolving in the bowels, thereby bringing herbal medicinal elements to help nature eliminate the cause and relieving the pain and irritation as no external application could possibly do.

Thousands of tests prove the internal way most effective for real and lasting results. So certain are results, several local drug stores are offering to refund the sixty cents a full size bottle costs to any person not relieved completely. Certainly no one suffering the dangers and agonizing pains and discomfort of piles or hemorrhoids need suffer longer. 60c at all good druggists.

Perfected High Compression

Greater power, faster acceleration, turbine smoothness—from every atom of fuel. A new and exclusive principle first achieved in Hupmobile Eight—now regular equipment, without extra cost, in the New Series Six. The greatest advance in years in motor design.

An appraisal of your present car incurs no obligation. It may prove a revelation. Bring it in, or call us up.
